#### RESOLUTION NO. – 2025

RESOLVED, that this Board hold a public hearing on the proposed modification to the Saw Mill Valley Sanitary Sewer District by the removal of one (1) parcel of property located in the Town of Mt. Pleasant, more particularly described by street address and tax map designation as 127 Palmer Lane, Section 107.13, Block 1, Lot 39, pursuant to Section 237.131 of the Laws of Westchester County. The Public Hearing will be held at m. on the day of , 2025 in the Chambers of the Board of Legislators, 8<sup>th</sup> floor, Michaelian Office Building, White Plains, New York. The Clerk of the Board shall cause notice of the time and date of such hearing to be published at least once in one or more newspapers published in the County of Westchester and selected by the Clerk of the Board for that purpose in the manner and time required by law. Such notice shall be substantially in the form attached hereto.

## HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER

Your Committee is in receipt of a transmittal from the County Executive in which the County Executive states that the Commissioner of Environmental Facilities has advised him that the Town of Mt. Pleasant (the "Town") has requested, pursuant to the attached Resolution of the Town, that the Saw Mill Valley Sanitary Sewer District (the "District") be modified to remove one (1) parcel of property more particularly described by street address and tax map designation as 127 Palmer Lane, Section 107.13, Block 1, Lot 39 (the "Parcel") from the District, which Parcel is not currently connected to the County sewer system. This removal is being requested because the Parcel is not serviced by sanitary sewers and it is not anticipated that sanitary sewers will be constructed for this Parcel in the foreseeable future.

Your Committee is informed that the attached Feasibility Report prepared by the Department of Environmental Facilities ("Feasibility Report") dated March 31, 2025 indicates that the proposed removal of the Parcel represents a net decrease of 0.0026% to the Equalized Full Value of the District. Therefore, the removal of the Parcel will not cause significant changes in the tax rate of the District.

According to the Department of Environmental Facilities, the proposal to remove the Parcels is feasible because: (1) the proposed change was requested by the Town; (2) the subject change requires no engineering modifications to the District facilities and there is no impact on the County facilities because the Parcel was never connected to the sewerage system; (3) the subject change removes from ad valorem taxation a property that has not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town; (4) the subject change frees reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities; (5) the subject Parcel, once removed from the District, will be required to petition the County to re-enter the District and the County is not obligated to reserve any capacity for the Parcel once it has been removed; and (6) the subject Parcel was reviewed by the Westchester County Health Department.

Your Committee notes that Chapter 237.131 of the County Administrative Code authorizes the Board of Legislators (the "Board") to alter or change the sewer districts. However, the Board may only alter or change the districts after a public hearing is held thereon by the Board, upon notice thereof given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code.

Your Committee is advised that the removal of the Parcel would constitute an Unlisted Action under Article 8 of the Environmental Conservation Law, which requires an appropriate environmental review. Your Committee has carefully considered the proposed legislation. It has reviewed the attached Short Environmental Assessment Form (EAF) and the criteria contained in Section 617.7 of Title 6 of the New York State Code of Rules and Regulations, the SEQR regulations, to identify the relevant areas of environmental concern. For the reasons set forth in the attached EAF, your Committee believes that the proposed action will not have any significant adverse impact on the environment and urges your Honorable Board to adopt the annexed resolution by which this Board would issue a Negative Declaration for this proposed action.

Based on the above facts, the Feasibility Report prepared by the Department of Environmental Facilities and the review by the Planning Department, your Committee concurs with the recommendation of the County Executive and recommends your Honorable Board adopt the annexed Resolution which will authorize Legal Notice for the public hearing which is required by the Administrative Code in such matters, and, after such hearing, urges your Honorable Board to adopt the annexed Act which accomplishes the removal of said Parcel from the District. It should be noted that a vote of not less than a majority of the voting strength of the Board of Legislators is required to pass this Act.

#### RESOLUTION NO -2025

WHEREAS, there is pending before this Honorable Board an Act to authorize the County to modify the Saw Mill Valley Sanitary Sewer District (the "District") by removing one (1) parcel of property in the Town of Mt. Pleasant, which parcel is not currently connected to the County sewer system; and

WHEREAS, this Honorable Board has determined that the proposed removal would constitute an action under Article 8 of the Environmental Conservation Law, known as the State Environmental Quality Review Act ("SEQRA"); and

WHEREAS, pursuant to SEQR and its implementing regulations (6 NYCRR Part 617), this project is classified as an "Unlisted" action, which requires this Honorable Board to make a determination as to whether the proposed action will have a significant impact on the environment; and

WHEREAS, the County of Westchester is the only involved agency for this action and, therefore, is assuming the role of Lead Agency; and

WHEREAS, in accordance with SEQR and its implementing regulations, a Short Environmental Assessment Form has been prepared to assist this Honorable Board in its environmental assessment of this proposed action; and

WHEREAS, this Honorable Board has carefully considered the proposed action and has reviewed the attached Short Environmental Assessment Form and the criteria set forth in Section 617.7 of the implementing regulations and has identified the relevant areas of environmental concern, as described in the attached Short Environmental Assessment Form, to determine if this proposed action will have a significant adverse impact on the environment.

NOW, THEREFORE, be it resolved by the County Board of Legislators of the County of Westchester, State of New York, as follows:

**RESOLVED**, that based upon this Honorable Board's review of the Short Environmental Assessment Form and the reasons set forth therein, this Board finds that

there will be no significant adverse impact on the environment from the removal of the one
(1) parcel of property from the Saw Mill Valley Sanitary Sewer District; and be it further

**RESOLVED**, the Clerk of the Board of Legislators is authorized and directed to sign the Determination of Significance in the Short Environmental Assessment Form, which is attached and made a part hereof, as responsible officer in Lead Agency; to issue this "Negative Declaration" on behalf of this Board in satisfaction of SEQRA; and to immediately transmit same to the Commissioner of Planning to be filed, published and made available pursuant to the requirements of Part 617 of 6 NYCRR; and be it further

**RESOLVED**, that this Resolution shall take effect immediately.

### Short Environmental Assessment Form Part 2 - Impact Assessment

#### Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

		No, or small impact may occur	Moderate to large impact may occur
1.	Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<b>✓</b>	
2.	Will the proposed action result in a change in the use or intensity of use of land?	<b>✓</b>	
3.	Will the proposed action impair the character or quality of the existing community?	<b>✓</b>	
4.	Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<b>V</b>	
5.	Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<b>✓</b>	
6.	Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<b>V</b>

# Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed action involves an act by the County Board of Legislators in order to modify a County-established sewer district, which is similar in nature to "the legislative adoption of a plan" in that there are no direct impacts to the environment because the action does not involve physical changes. The proposed action would remove from a district property that is not receiving nor is anticipated to receive district services. The parcel is already developed with a residence that is served by a functioning on-site septic system. The Health Department has no record of septic problems or failures occurring at this site within the past five years, which may otherwise warrant inclusion in the district. Additionally, the property is located in the Town's R-40 One Family Residential zoning district; as such, no new development is anticipated that would warrant a sewer connection. The nearest local sewer is located over 600 feet away. The Town does not have any plans to extend its local sewer lines to serve this property. Since the property was never connected to the sewer system, their removal from the district will have no physical impact on the County's sewer infrastructure.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

#### ACT NO. - 2025

. 1 .

AN ACT to Modify the Saw Mill Valley Sanitary Sewer District by the Removal of One (1) Parcel of Property located in the Town of Mt. Pleasant.

BE IT ENACTED by the County Board of Legislators of the County of Westchester as follows:

Section 1. The property located in the Town of Mt. Pleasant, more particularly described as 127 Palmer Lane, Section 107.13, Block 1, Lot 39 (the "Parcel"), is hereby removed from the Saw Mill Valley Sanitary Sewer District (the "District").

Section 2. The Parcel is to be forgiven its obligation for future debt service requirement and is to relinquish its equity in existing sewage facilities in the District, and in return the District is relieved of its responsibility to provide sanitary sewer service and sewerage facilities to the Parcel.

Section 3. This Act, and the assessment area of the District as so altered, changed, modified, reduced and/or enlarged hereby, shall become effective immediately and the assessment rolls filed after the next taxable status date shall show County sewer district assessments and taxes on the basis of such revised District, and taxes levied on such roles shall be based thereon, but any sewer district tax or assessment levied on any valid assessment rolls in effect prior to the next taxable status date, on any parcel affected by the revisions made by this Act shall continue valid as such or as a tax lien, until paid and the amount paid shall be credited to the sewer district in which such parcels were assessed on the roll on which said tax is levied.

Section 4. The County Executive or his authorized designee be and hereby is authorized and empowered to execute instruments and to take any and all action necessary and appropriate to accomplish the purposes hereof.

Section 5. This Act shall take effect immediately.
