Experience:

*New York Power Authority
Assistant General Counsel
Human Resources and Labor Relations*

May 2011 to present: Responsible for providing legal advice and counsel on employment matters to senior management and the Board of Trustees. Particular objectives in ensuring compliance with state and federal laws and to minimize the Authority's liability when handling employment matters.

Work closely with Employee Relations and the Office of Civil Rights & Inclusion in conducting personnel investigations relating to discrimination, sexual harassment or performance issues, as well as instituting disciplinary actions, where appropriate.

Work closely with the Director of Labor Relations and outside counsel on all labor matters and collective bargaining agreements and negotiations for the New York Power Authority and the New York State Canal Corporation.

Serve as legal counsel for the Authority's COVID task force and is integral in creating practices, policies and procedures responsive to the ever fluid demands of the pandemic.

Serve as the Authority's Freedom of Information Law officer.

*Westchester County District Attorney's Office
Deputy Bureau Chief
Special Litigation and Appeals*

December 2010 to May 2011: Successfully filed and opposed petitions for Habeus Corpus, appeals of criminal convictions, and Freedom of Information Law requests.

*Westchester County Attorney's Office
Deputy County Attorney
Litigation Bureau*

June 1994 to December 2010: Held various positions with increased responsibility and authority within the Litigation Bureau of the Westchester County Attorney's office during my

16-year tenure. Served as the Deputy County Attorney for the Litigation Bureau from approximately 2002 to December 2010.

As the Deputy County Attorney, I was responsible for the supervision of the Litigation staff and all matters handled by the Bureau, including state and federal litigation initiated by or against Westchester County or its officers.

Worked closely with the Commissioners of the Department of Public Safety and Corrections on internal disciplinary administrative matters, sick leave abuse investigations, and other disciplinary proceedings.

Supervised and conducted employee disciplinary hearings, employee investigations involving misconduct/incompetence, sexual harassment in the workplace, discrimination and civil rights compliance. Conducted complex arbitrations relating to employment issues in the workplace

Provided advice and counsel to department heads and elected officials with respect to all aspects of labor and employment matters involving the County workforce of over 4500.

Provided advice and counsel to senior County officials related to personnel matters, including the development of employment policies and supervised outside counsel in the handling of complex litigation in constitutional law, employment law and administrative law.

November 18, 2020

Mr. Michael Gilberg
P.O. Box 26
Granite Springs, NY 10527

Dear Mr. Gilberg,

It is my pleasure to appoint you to serve as an at-large member of the Westchester County Advisory Council on People with Disabilities, effective today, Wednesday, November 18, 2020, pursuant to Act No. 215-2019 of the laws of Westchester County. This appointment is for a term to expire on December 31, 2021.

Your appointment is subject to confirmation by the Westchester County Board of Legislators, but your service begins immediately. You must complete the attached Oath of Office and file it with the County Clerk prior to the next Advisory Council on People with Disabilities meeting, and provide this office with a copy within 30 days. Please contact the Office for People with Disabilities at (914) 995-2957 for the date, place, and time of the next Advisory Council on People with Disabilities meeting for your participation.

When you have filed your Oath of Office, a Resolution to confirm your appointment will be submitted to the County Board of Legislators. As part of the confirmation process, you may be called before the Board to be interviewed.

Pursuant to Local Law, as a member of a Westchester County Board and/or Commission, you are responsible for adhering to the requirements of our Code of Ethics, which includes the annual filing of a financial disclosure statement with the County Board of Ethics. A financial disclosure form is attached.

Warmest wishes for a successful tenure.

Very Truly Yours,

George Latimer

EDUCATION

University of Maine	Orono, ME	M.S., Environmental Engineering	1983
Cooper Union	New York, NY	B.E., Civil Engineering	1981

PROFESSIONAL AFFILIATIONS

Westchester Water Works Conference	NY Water Environment Association
American Society of Civil Engineers	American Water Works Association
	NY-NJ Storm Surge Working Group

REPRESENTATIVE PROFESSIONAL EXPERIENCE

Kensico-Eastview Connection (KEC), NYCDEP. Facility planning and evaluation of alternatives to provide a new connection between Kensico Reservoir and treatment facilities at Eastview. (Facility Planning, 2013-2014; Basis of Design, 2017-2018)

Water Supply Dependability Program, NYCDEP. Task Lead for evaluation of alternatives to enable NYCDEP to maintain water supply service during extended aqueduct shutdowns. Developed and assessed regional supply alternatives, including NJ interconnections, inter-basin transfers, Hudson River diversions and the supply potential of abandoned Westchester water supplies. (2004-2010)

East River Water Quality Facility Plan, NYCDEP. Task leader for evaluation of alternatives to advanced treatment for nitrogen removal to meet Long Island Sound nitrogen load targets and upgrade of the Newtown Creek WPCP. Lead author of task report that provided technical basis for relief from percent removal requirements of treatment regulations and critical support to Consent Order renegotiation efforts. Coordinated alternatives analyses and simulations of various water quality management scenarios using regional water quality models. (1995-2003)

Wastewater Treatment Plant (WWTP) Flow Reporting, NYCDEP. Performed detailed plant-specific evaluations of flow reporting accuracy at several of NYC's largest wastewater facilities. (1989-2000)

- **Wards Island** – Identification of significant over-reporting of influent flow avoided threatened moratorium on new building permits for the east side of Manhattan and half of the Bronx.
- **Coney Island** – Detailed evaluation of flow reporting accuracy confirmed need to pursue re-rating of dry weather flow capacity from 100 million gallons per day (mgd) to 110 mgd
- **Newtown Creek** – Identified flow reporting inaccuracies that supported reduction in Consent Order-required dry weather capacity upgrade of NYC's largest treatment plant from 360 mgd to 310 mgd.
- **Manhattan Pump Station** – Innovative approach to evaluation of tunnel capacity overcame access limits and established the adequacy of existing tunnel to convey increased wet weather design flow.

Lower Catskill Repair and Rehabilitation, NYCDEP. Developed summaries of anticipated backup supply needs and capabilities of Westchester communities that draw supply from the NYC's system for purposes of aqueduct shutdown planning and concept-level plans for aqueduct dewatering. (2016-2019)

Westchester Joint Water Works. Mamaroneck, NY. Hydraulic evaluations of Rye Lake intake and pumping station for Rye Lake Filtration Facility Basis of Design Report (2020), concept planning and hydraulic analyses for Upper High Service Zone (1992), distribution system modeling and technical support of utilities' in-house distribution system model development (1989).

Catskill Water Supply Program, Village of Briarcliff Manor (NY). Project manager for evaluation of an existing raw water transmission shared with two other villages to make Catskill Aqueduct water available as a new source of supply to Briarcliff Manor. Concept level facility plan, field tests, hydraulic analysis and coordination with three village water systems. (2005-2006)

Review of Safe Yield Determinations for Byram Lake. Mount Kisco, NY. Provided expert review that identified source of inconsistencies in prior safe yield determinations. (2014)

Impact of Natural Gas Production in the NYC Water Supply Watershed, NYCDEP: Co-author of high-profile evaluation of potential impacts of modern natural gas production techniques (horizontal drilling and high-volume hydraulic fracturing, "fracking") for development in the Marcellus Shale on water quality and reliability of the NYC water supply system. Major activities included research on rates and densities of gas well development; assessment of risks to subsurface infrastructure and potential for drinking water quality contamination; and review of wastewater characteristics and regional treatment capacity. (2009-2011)

Staten Island Wastewater Facilities Improvement Project, NYCDEP. Project Manager for island-wide assessment of wastewater facilities, including 40 mgd and 60 mgd treatment plants, pumping stations, and drainage plans. Project identified Priority Rehabilitation needs at treatment plants and pump stations; assessed an 8-mile long sludge force main and prepared a Facility Plan for improvement of the 38 mgd-capacity Hannah Street Pump Station; infiltration/inflow (I/I) and sewer system evaluation work for the Oakwood Beach WPCP service area. (2001-2005)

Water Pollution Control Plant Flow Projections, NYCDEP. Evaluated flow reporting accuracy for all 14 NYC water pollution control plants and established the first direct link between citywide water supply and wastewater facilities flow projections and capacity planning. (1991-1993)

Catskill Aqueduct Capacity Optimization, NYCDEP. Project manager and technical lead of evaluation of alternatives to restore capacity of the Upper Catskill Aqueduct. Project included hydraulic gradient surveys over the length of the 74-mile aqueduct; flow and level monitoring; development of a hydraulic model; and interior inspection of a 2.2-mile aqueduct segment. (2008-2011)

Rondout-West Branch Tunnel Leak Stabilization, NYCDEP. Identified water chemistry as an important parameter relevant to aqueduct leakage and originated and developed conceptual plans for a novel leak mitigation strategy. Pilot-scale evaluation demonstrated proof-of-concept.

Ashokan Test Loops, Shokan, NY, NYCDEP: Developed test loop pilot study to evaluate hydraulic effects of biofilm development and chemical addition alternatives to mitigate adverse hydraulic effects of biofilm development in New York's Upper Catskill Aqueduct. (2012-2014)

Wards Island Sewer System Evaluation Study, NYCDEP. Set up and managed project database linking over 17,000 tax lot records with census data, occupancy records, field flow measurements, and television inspection data for individual sewer reaches, and prepared analyses of field data and the final project report. (1988-1989)

Hydraulic Modeling of Water Distribution Systems: Performed hydraulic analyses for several local systems, including New Castle-Stanwood Consolidated Water District, Westchester Joint Water Works, NY, New Rochelle, Briarcliff Manor and Mount Kisco, NY; as well as East Brunswick and Bayonne, NJ and Managua, Nicaragua. Experience includes hydrant and pump field tests, data analysis, model development, calibration and field verification, fire flow analyses, pipe sizing, and pump selection.

Other Project Experience. Experience also includes assessment of water supply interconnection potential for the City of White Plains (2020); concept planning for addition of UV treatment to NJ American Water Raritan Millstone water filtration plant (2019-20); assessment of water supply alternatives for Aquarion Water, Fairfield County, CT (2016); water conservation program support, NYCDEP (2012); Southeast Queens Drainage Improvements Study (2017); Bowery Bay WWTP Master Plan (2016); Outer Harbor CSO planning, NYCDEP (1993); and set up of a database for a statewide study of water system vulnerability and interconnection needs in New Jersey (NJDEP, 1985).

TECHNICAL PUBLICATIONS

- "Evaluating and Optimizing New York City's Catskill Aqueduct", presented at NYS AWWA Annual Conference, 2009, Saratoga Springs, NY and AWWA Annual Conference, 2010, Chicago, IL.
- "Point-of-Entry Removal of Radon from Drinking Water," co-author, AWWA Journal, April 1987; awarded 1988 American Water Works Association Research Division Best Paper Award.

George Latimer
County Executive

September 22, 2020

Mr. James Caggiano
89 Sarles Lane
Pleasantville, NY 10570

Dear Mr. Caggiano,

It is my pleasure to reappoint you to serve as a member of the Westchester County Storm Water Advisory Board, effective today, Tuesday, September 22, 2020, pursuant to the Laws of Westchester County §241.259. This appointment is for a term to expire on December 31, 2022.

Your reappointment is subject to confirmation by the Westchester County Board of Legislators, but your service begins immediately. You must complete the attached Oath of Office and file it with the County Clerk prior to the next Storm Water Advisory Board meeting, and provide this office with a copy within 30 days. Please contact the Westchester County Department of Planning at (914) 995-2427 for the date, place, and time of the Storm Water Advisory Board's upcoming meeting for your participation.

When you have filed your Oath of Office, a Resolution to confirm your reappointment will be submitted to the County Board of Legislators. As part of the confirmation process, you may be called before the Board to be interviewed.

Pursuant to Local Law, as a member of a Westchester County Board and/or Commission, you are responsible for adhering to the requirements of our Code of Ethics, which includes the annual filing of a financial disclosure statement with the County Board of Ethics.

Warmest wishes for a successful tenure.

Very Truly Yours,

George Latimer
Westchester County Executive

Experience:

*New York Power Authority
Assistant General Counsel
Human Resources and Labor Relations*

May 2011 to present: Responsible for providing legal advice and counsel on employment matters to senior management and the Board of Trustees. Particular objectives in ensuring compliance with state and federal laws and to minimize the Authority's liability when handling employment matters.

Work closely with Employee Relations and the Office of Civil Rights & Inclusion in conducting personnel investigations relating to discrimination, sexual harassment or performance issues, as well as instituting disciplinary actions, where appropriate.

Work closely with the Director of Labor Relations and outside counsel on all labor matters and collective bargaining agreements and negotiations for the New York Power Authority and the New York State Canal Corporation.

Serve as legal counsel for the Authority's COVID task force and is integral in creating practices, policies and procedures responsive to the ever fluid demands of the pandemic.

Serve as the Authority's Freedom of Information Law officer.

*Westchester County District Attorney's Office
Deputy Bureau Chief
Special Litigation and Appeals*

December 2010 to May 2011: Successfully filed and opposed petitions for Habeus Corpus, appeals of criminal convictions, and Freedom of Information Law requests.

*Westchester County Attorney's Office
Deputy County Attorney
Litigation Bureau*

June 1994 to December 2010: Held various positions with increased responsibility and authority within the Litigation Bureau of the Westchester County Attorney's office during my

16-year tenure. Served as the Deputy County Attorney for the Litigation Bureau from approximately 2002 to December 2010.

As the Deputy County Attorney, I was responsible for the supervision of the Litigation staff and all matters handled by the Bureau, including state and federal litigation initiated by or against Westchester County or its officers.

Worked closely with the Commissioners of the Department of Public Safety and Corrections on internal disciplinary administrative matters, sick leave abuse investigations, and other disciplinary proceedings.

Supervised and conducted employee disciplinary hearings, employee investigations involving misconduct/incompetence, sexual harassment in the workplace, discrimination and civil rights compliance. Conducted complex arbitrations relating to employment issues in the workplace

Provided advice and counsel to department heads and elected officials with respect to all aspects of labor and employment matters involving the County workforce of over 4500.

Provided advice and counsel to senior County officials related to personnel matters, including the development of employment policies and supervised outside counsel in the handling of complex litigation in constitutional law, employment law and administrative law.

• Nominee for Bronx River Watershed Advisory Board

- Civil/Environmental Engineer with 37 years of water supply, wastewater and water resources consulting engineering experience
- Professional experience includes work on many of the highest profile issues in the metropolitan area including NYC water system reliability, LI Sound nitrogen limits, potential impacts of natural gas development and numerous wastewater and water system upgrades and evaluations
- Resident of Yonkers and Bronx River Watershed since 1994
- Registered Professional Engineer in NY State since 1987

EMPLOYMENT

Hazen and Sawyer	Senior Associate	New York & White Plains, NY	1983-85, 1987–present
H2M Engineers	Staff Engineer	Melville, NY	1985-86

EDUCATION

University of Maine	Orono, ME	M.S., Environmental Engineering	1983
Cooper Union	New York, NY	B.E., Civil Engineering	1981

PROFESSIONAL AFFILIATIONS

Westchester Water Works Conference	NY Water Environment Association
American Society of Civil Engineers	American Water Works Association
	NY-NJ Storm Surge Working Group

REPRESENTATIVE PROFESSIONAL EXPERIENCE

Kensico-Eastview Connection (KEC), NYCDEP. Facility planning and evaluation of alternatives to provide a new connection between Kensico Reservoir and treatment facilities at Eastview. (Facility Planning, 2013-2014; Basis of Design, 2017-2018)

Water Supply Dependability Program, NYCDEP. Task Lead for evaluation of alternatives to enable NYCDEP to maintain water supply service during extended aqueduct shutdowns. Developed and assessed regional supply alternatives, including NJ interconnections, inter-basin transfers, Hudson River diversions and the supply potential of abandoned Westchester water supplies. (2004-2010)

East River Water Quality Facility Plan, NYCDEP. Task leader for evaluation of alternatives to advanced treatment for nitrogen removal to meet Long Island Sound nitrogen load targets and upgrade of the Newtown Creek WPCP. Lead author of task report that provided technical basis for relief from percent removal requirements of treatment regulations and critical support to Consent Order renegotiation efforts. Coordinated alternatives analyses and simulations of various water quality management scenarios using regional water quality models. (1995-2003)

Wastewater Treatment Plant (WWTP) Flow Reporting, NYCDEP. Performed detailed plant-specific evaluations of flow reporting accuracy at several of NYC's largest wastewater facilities. (1989-2000)

- **Wards Island** – Identification of significant over-reporting of influent flow avoided threatened moratorium on new building permits for the east side of Manhattan and half of the Bronx.
- **Coney Island** – Detailed evaluation of flow reporting accuracy confirmed need to pursue re-rating of dry weather flow capacity from 100 million gallons per day (mgd) to 110 mgd
- **Newtown Creek** – Identified flow reporting inaccuracies that supported reduction in Consent Order-required dry weather capacity upgrade of NYC's largest treatment plant from 360 mgd to 310 mgd.
- **Manhattan Pump Station** – Innovative approach to evaluation of tunnel capacity overcame access limits and established the adequacy of existing tunnel to convey increased wet weather design flow.

Lower Catskill Repair and Rehabilitation, NYCDEP. Developed summaries of anticipated backup supply needs and capabilities of Westchester communities that draw supply from the NYC's system for purposes of aqueduct shutdown planning and concept-level plans for aqueduct dewatering. (2016-2019)

Westchester Joint Water Works. Mamaroneck, NY. Hydraulic evaluations of Rye Lake intake and pumping station for Rye Lake Filtration Facility Basis of Design Report (2020), concept planning and hydraulic analyses for Upper High Service Zone (1992), distribution system modeling and technical support of utilities' in-house distribution system model development (1989).

Catskill Water Supply Program, Village of Briarcliff Manor (NY). Project manager for evaluation of an existing raw water transmission shared with two other villages to make Catskill Aqueduct water available as a new source of supply to Briarcliff Manor. Concept level facility plan, field tests, hydraulic analysis and coordination with three village water systems. (2005-2006)

Review of Safe Yield Determinations for Byram Lake. Mount Kisco, NY. Provided expert review that identified source of inconsistencies in prior safe yield determinations. (2014)

Impact of Natural Gas Production in the NYC Water Supply Watershed, NYCDEP: Co-author of high-profile evaluation of potential impacts of modern natural gas production techniques (horizontal drilling and high-volume hydraulic fracturing, "fracking") for development in the Marcellus Shale on water quality and reliability of the NYC water supply system. Major activities included research on rates and densities of gas well development; assessment of risks to subsurface infrastructure and potential for drinking water quality contamination; and review of wastewater characteristics and regional treatment capacity. (2009-2011)

Staten Island Wastewater Facilities Improvement Project, NYCDEP. Project Manager for island-wide assessment of wastewater facilities, including 40 mgd and 60 mgd treatment plants, pumping stations, and drainage plans. Project identified Priority Rehabilitation needs at treatment plants and pump stations; assessed an 8-mile long sludge force main and prepared a Facility Plan for improvement of the 38 mgd-capacity Hannah Street Pump Station; infiltration/inflow (I/I) and sewer system evaluation work for the Oakwood Beach WPCP service area. (2001-2005)

Water Pollution Control Plant Flow Projections, NYCDEP. Evaluated flow reporting accuracy for all 14 NYC water pollution control plants and established the first direct link between citywide water supply and wastewater facilities flow projections and capacity planning. (1991-1993)

Catskill Aqueduct Capacity Optimization, NYCDEP. Project manager and technical lead of evaluation of alternatives to restore capacity of the Upper Catskill Aqueduct. Project included hydraulic gradient surveys over the length of the 74-mile aqueduct; flow and level monitoring; development of a hydraulic model; and interior inspection of a 2.2-mile aqueduct segment. (2008-2011)

Rondout-West Branch Tunnel Leak Stabilization, NYCDEP. Identified water chemistry as an important parameter relevant to aqueduct leakage and originated and developed conceptual plans for a novel leak mitigation strategy. Pilot-scale evaluation demonstrated proof-of-concept.

Ashokan Test Loops, Shokan, NY, NYCDEP: Developed test loop pilot study to evaluate hydraulic effects of biofilm development and chemical addition alternatives to mitigate adverse hydraulic effects of biofilm development in New York's Upper Catskill Aqueduct. (2012-2014)

Wards Island Sewer System Evaluation Study, NYCDEP. Set up and managed project database linking over 17,000 tax lot records with census data, occupancy records, field flow measurements, and television inspection data for individual sewer reaches, and prepared analyses of field data and the final project report. (1988-1989)

Hydraulic Modeling of Water Distribution Systems: Performed hydraulic analyses for several local systems, including New Castle-Stanwood Consolidated Water District, Westchester Joint Water Works, NY, New Rochelle, Briarcliff Manor and Mount Kisco, NY; as well as East Brunswick and Bayonne, NJ and Managua, Nicaragua. Experience includes hydrant and pump field tests, data analysis, model development, calibration and field verification, fire flow analyses, pipe sizing, and pump selection.

Other Project Experience. Experience also includes assessment of water supply interconnection potential for the City of White Plains (2020); concept planning for addition of UV treatment to NJ American Water Raritan Millstone water filtration plant (2019-20); assessment of water supply alternatives for Aquarion Water, Fairfield County, CT (2016); water conservation program support, NYCDEP (2012); Southeast Queens Drainage Improvements Study (2017); Bowery Bay WWTP Master Plan (2016); Outer Harbor CSO planning, NYCDEP (1993); and set up of a database for a statewide study of water system vulnerability and interconnection needs in New Jersey (NJDEP, 1985).
