Westchester County Board of Legislators  
800 Michaelian Office Building  
White Plains, New York 10601

Dear Honorable Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$1,500,000 to finance the following capital project:

SPK12 – Peekskill Wastewater Treatment Plant Mechanical Sludge Handling Upgrades ("SPK12").

The Bond Act, in the amount of \$1,500,000, would finance the costs of design and construction management for the replacement of plant components not related to odor control at the Peekskill Water Resource Recovery Facility, including the replacement of all sludge collection mechanisms in primary and final tanks, underground PVC overhead piping and valves, sludge chopper pumps and primary and final tank grease skimmers, as well as incidental expenses.

The Department of Environmental Facilities ("Department") has advised that primary sludge pump components have recently been experiencing failures, requiring costly interim repairs. The primary sludge pumps and associated controls have reached the end of their useful lives and replacement is necessary to ensure process reliability and environmentally compliant operation.

It is anticipated that the design work will be completed by a consultant. Following bonding authorization, design will be scheduled and is anticipated to take twelve months to complete. It is estimated that construction will take twenty-four months to complete and will begin after award and execution of the construction contracts.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Sincerely,

Kenneth W. Jenkins  
Westchester County Executive

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (“County”) of a bond act (“Bond Act”) in the amount of \$1,500,000 to finance capital project SPK12 – Peekskill Wastewater Treatment Plant Mechanical Sludge Handling Upgrades (“SPK12”). The Bond Act, which was prepared by the law firm Norton Rose Fulbright, will finance the costs of design and construction management for the replacement of plant components not related to odor control at the Peekskill Water Resource Recovery Facility, including the replacement of all sludge collection mechanisms in primary and final tanks, underground PVC overhead piping and valves, sludge chopper pumps and primary and final tank grease skimmers, as well as incidental expenses.

The Department of Environmental Facilities (“Department”) has advised that primary sludge pump components have recently been experiencing failures, requiring costly interim repairs. The primary sludge pumps and associated controls have reached the end of their useful lives and replacement is necessary to ensure process reliability and environmentally compliant operation.

It is anticipated that the design work will be completed by a consultant. Following bonding authorization, design will be scheduled and is anticipated to take twelve months to complete. It is estimated that construction will take twenty-four months to complete and will begin after award and execution of the construction contracts.

The Planning Department has advised your Committee that based on its review, SPK12 may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.

Section 11. The intent of this Bond Act is to give the Commissioner of Finance sufficient authority to execute those applications, agreements, instruments or to do any similar acts necessary to effect the issuance of the aforesaid bonds and, or notes without resorting to further action of this Board of Legislators.
