

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval of an amended bond act (the “Amended Bond Act”) in the total amount of \$6,860,000, which includes \$6,430,000 in previously authorized bonds of the County of Westchester (the “County”), to finance capital project RB174 – Mamaroneck Avenue, C.R. 8C, White Plains (“RB174”).

Your Committee is advised that the Amended Bond Act, prepared by the law firm of Hawkins, Delafield & Wood, LLP, will provide \$430,000 in additional funding for construction management and construction associated with the rehabilitation of approximately 2.62 miles of roadway from Bryant Avenue to the White Plains/Harrison Line. The work will include milling and resurfacing of the roadway, curbing and drainage repairs; guiderail replacement; new traffic signal loops; new pavement markings and associated work. Your Committee is advised that the additional funding is being requested due to cost escalations associated with the project.

The Department of Public Works and Transportation (the “Department”) has advised that this road, which has an average annual daily traffic count (“AADT”) of 32,549, is in need of rehabilitation to provide a safe roadway for the traveling public. The associated pavement condition index (“PCI”) in 2019 was 67 and the roadway has continued to deteriorate. The PCI rating is a pavement condition rating with a range of 0 to 100, with 0 signifying that the road requires reconstruction and 100 signifying that the road is new. Based on this rating this road requires corrective rehabilitation to extend the life of the roadway.

Your Committee is advised that design for project RB174 is currently underway using an outside consultant and is expected to be completed by the 2<sup>nd</sup> Quarter of 2021. It is anticipated that construction will take approximately twelve (12) months and will begin after award and execution of the construction contracts.

Your Committee notes that this Honorable Board has previously authorized the County to issue bonds to finance this project as follows: Bond Act No. 143-2019 in the amount of \$6,430,000 which financed design, construction management and construction for RB174. No bonds have been issued under Bond Act No. 143-2019. It is now requested that Bond Act No.

143-2019 be amended to increase the initial amount authorized by \$430,000, for a total authorized amount, as amended, of \$6,860,000.

The Planning Department has advised that the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of this Honorable Board is required in order to adopt the Amended Bond Act. Your Committee has carefully considered the proposed Amended Bond Act, and recommends approval of same.
