

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of an act, which, if adopted, will amend the County's current-year capital budget ("Capital Budget Amendment"), as well as adoption of a related bond act ("Bond Act") in the amount of \$3,870,000 prepared by the law firm Harris Beach, PLLC to finance capital project B015D – Interior Infrastructure Repairs, White Plains Complex (2016-2020) ("B015D").

Your Committee is advised that the Capital Budget Amendment will amend the County's current-year capital budget to increase the appropriation for B015D by \$220,000. The Department of Public Works and Transportation ("Department") has advised your Committee that the additional funds are required due to cost escalation.

The Bond Act, in the amount of \$3,870,000, would finance the cost of elevator improvements at the White Plains Office Complex, including design, construction management and construction associated with the rehabilitation of the judge's elevator in the Richard J. Daronco Westchester County Courthouse, two passenger elevators in the County Low Rise Building, and the passenger elevator in 143 Grand Street.

The Department has further advised that the elevators and related systems have exceeded all intended services expectations and are becoming increasingly difficult to repair. In addition, the elevators' finishes are worn and beyond refurbishment. The elevator rehabilitation will improve reliability and increase safety.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for prior separate components of this project as provided in the annexed fact sheet

Following bonding authorization, the design will be undertaken by a consultant and is expected to be completed by the third quarter of 2021. It is anticipated that construction will

take approximately twelve months and will begin after award and execution of the construction contracts.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR document and concurs with this conclusion.

The Planning Department has advised your Committee that the Planning Board has previously reviewed this project and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act may only be enacted following adoption of the Capital Budget Amendment. It should also be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Bond Act.
