

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

**(As Amended)  
Committee Report**

Your Committee is in receipt of a transmission from the County Executive recommending approval of an Act amending the County of Westchester's (the "County") current-year Capital Budget (the "Capital Budget Amendment"), as well as adoption of a related bond act (the "Bond Act") which, if approved, would authorize the County to issue \$3,750,000 in bonds to finance capital project BIT49 – Police Record Management System Upgrade ("BIT49").

The proposed Capital Budget Amendment will amend the County's current year capital budget to increase the County share for BIT49 by \$3,750,000 to support the increased expenses associated with this project.

The Bond Act, prepared by the law firm of Harris Beach, PLLC, would provide additional funding for the purchase of software, hardware and related services to upgrade and expand the capabilities of the Police Record Management System, which assists the Westchester County Police Department in tracking and managing their day to day operations such as case property tracking, blotter/incident-based reporting, traffic personnel, etc. It should be noted that the County will be sharing the system with several local police departments. Currently, the following police departments are participating in this project: Westchester County Department of Public Safety, the Town and Village of Mamaroneck, Ardsley, New Castle, Pleasantville, Mount Pleasant, Irvington, Tuckahoe, Rye Brook, Dobbs Ferry, Briarcliff, Lewisboro, Somers and Ossining. Your Committee is advised that this list will likely expand over time as other police agencies join the project.

The Department of Information Technology (the "Department") expects the project to be completed by April 10, 2024.

Your Committee notes that your Honorable Board has previously authorized the County to issue bonds to finance prior components of BIT49, as indicated in the attached fact sheet.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part

617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQOR documentation and concurs with this conclusion.

In addition, Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the "Planning Board") with respect to the physical planning aspects of the project. The Planning Department has advised that the Planning Board has previously reviewed this project and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee is advised that an affirmative vote of two-thirds of the members of this Honorable Board is required in order to amend the County's Capital Budget, as well as to adopt the related Bond Act.

Your Committee has carefully considered the proposed Capital Budget Amendment as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act can only be enacted following adoption of the Capital Budget Amendment.

RE: **Capital Budget Amendment –  
BIT49 Police Record Management System Upgrade**

The County Executive is requesting an amendment to the 2022 Capital Budget to modify the funding of the above project. Capital project BIT49 Police Record Management System Upgrade provides funds for the purchase of software, hardware and related services to upgrade and expand the capabilities of police record management system. The system assists the Westchester County Department of Public Safety in tracking and managing their day to day operations such as case property tracking, blotter/incident based reporting and traffic personnel.

A Capital Budget Amendment is requested to authorize the County to provide an additional \$3,750,000 needed to support the increased expenses that will be needed to fund the purchase of software, hardware and related services to upgrade and expand the capabilities of the system. The total appropriation for 2022 will be \$5,000,000.

The Planning Board adopted a report on this project (rated PL1) at its meeting on July 6, 2021.

There are no changes to the physical planning aspects of this project as reviewed by the Board; therefore, no further action by your Board is necessary.
