

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmission from the County Executive recommending approval of an Act amending the County of Westchester's (the "County") current-year Capital Budget (the "Capital Budget Amendment"), as well as adoption of a related amended bond act (the "Amended Bond Act") which, if approved, would authorize the County to issue an additional \$7,500,000 in bonds to finance capital project SBB07 – Blind Brook Waste Water Treatment Plant – Process Equipment Improvements ("SBB07").

The proposed Capital Budget Amendment will amend the County's current year capital budget to increase the County share for this project by \$7,500,000 to provide for additional construction funding.

The Amended Bond Act, in the total amount of \$25,500,000, which includes \$7,500,000 in previously authorized bonds of the County and was prepared by the law firm of Norton Rose Fulbright, would provide additional construction funding for the repair, upgrade and replacement of various systems and equipment at the Blind Brook Water Resource Recovery Facility (the "Plant"). The work will include, but is not limited to, the upgrading and/or replacement of various items of equipment and systems at the Plant, including the aeration system, secondary clarifiers, underground storage tank demolition, the fuel dispensing system, various process blowers, pumps, piping, valves, sluice gates, collection and mixing equipment, HVAC, and electrical systems, and the reconstruction of the damaged grit building.

The Department of Environmental Facilities (the "Department") has advised that the initial RFP issued for this project included 13 evaluations to be completed by the consultant to assess the condition and remaining useful life of various assets at the Plant. At the time, any recommendations from these evaluations were intended to be included in future capital projects. However, after these evaluations were completed, it was determined that a number of the Plant processes were in critical condition and should be replaced now to avoid catastrophic failure. These processes include the aeration system, ventilation system, and the secondary clarifier system. Unfortunately, the secondary clarifier system *did* sustain a catastrophic failure which resulted in a number of SPDES permit violations and is currently being replaced under an emergency contract. The additional

funding now being requested is needed to replace the approximately \$4,000,000 in the project budget being used for the emergency repair and includes an additional approximately \$3,500,000 of funding for the repairs deemed critical by the evaluations in order to avoid other failures.

Your Committee is advised that design is currently underway by consultants and is expected to be completed by the 3rd quarter of 2021. Construction is estimated to take eighteen (18) months to complete and will begin after award and execution of the construction contracts

Your Committee notes that your Honorable Board has previously authorized the County to issue bonds to finance prior components of SBB07, as follows: Bond Act No. 115-2015 in the amount of \$1,000,000 which financed the design phase of this project and Bond Act No. 103-2020, which amended Bond Act No. 115-2015 to increase the initial amount authorized by \$17,000,000 for a total authorized amount, as amended, of \$18,000,000. Bond Act No. 103-2020 also revised the scope of Bond Act No. 115-2015 to include work associated with the construction phase of SBB07 and increased the period of probable usefulness of said bonds. The Amended Bond Act would further amend Bond Act No. 115-2015, as amended by Bond Act No. 103-2020, to increase the total amount authorized by an additional \$7,500,000, for a total authorized amount, as amended, of \$25,500,000.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

In addition, Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the "Planning Board") with respect to the physical planning aspects of the project. The Planning Department has advised that the Planning Board has previously reviewed this project and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee is advised that an affirmative vote of two-thirds of the members of this Honorable Board is required in order to amend the County's Capital Budget, as well as to adopt the related Amended Bond Act.

Your Committee has carefully considered the proposed Capital Budget Amendment as well as the related Amended Bond Act, and recommends approval of both of the proposed Acts, noting that the Amended Bond Act can only be enacted following adoption of the Capital Budget Amendment.

Such bonds and, or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance.

Section 11. The intent of this Bond Act is to give the Commissioner of Finance sufficient authority to execute those applications, agreements, instruments or to do any similar acts necessary

to effect the issuance of the aforesaid bonds and, or notes without resorting to further action of this Board of Legislators.

Section 12. All other matters, except as provided herein relating to such bonds, including determining whether to issue such bonds having substantially level or declining annual debt service and all matters related thereto, prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the County by the facsimile signature of the Commissioner of Finance and, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, denominations, maturities and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. It is hereby determined that it is to the financial advantage of the County not to impose and collect from registered owners of such bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the fiscal agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the fiscal agent. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine.

Section 13. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with at the date of publication of this Bond Act are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 14. This Bond Act shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150 - 2. Other than as specified in this Bond Act, no moneys are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 15. This Bond Act, which shall take effect immediately in accordance with the provisions of Section 33.10 of the Local Finance Law and as provided in Section 107.71 of the Westchester County Charter, shall be published in summary form in the official newspaper of said County for purposes of this Bond Act, together with a notice of the Clerk and Chief Administrative Officer of the County Board of Legislators in substantially the form provided in Section 81.00 of the Local Finance Law.

Section (B). The amendments of the bond act set forth in Section (A) of this act shall in no way affect the validity of the liabilities incurred, obligations issued, or action taken pursuant to said bond act, and all such liabilities incurred, obligations issued, or action taken shall be deemed to have been incurred, issued or taken pursuant to said bond act, as so amended.

Section (C). This Act shall take effect immediately upon approval by the County Executive.
