

ACT 125 - 2025
(BOND) ACT 126 - 2025

Reference BES05

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of an act, which, if adopted, will amend the County's current-year capital budget ("Capital Budget Amendment"), as well as adoption of a related bond act ("Bond Act") in the amount of \$4,750,000 prepared by the law firm Hawkins, Delafield & Wood, to finance capital project BES05 – DES Main Facility Rehabilitation ("BES05").

Your Committee is advised that the Capital Budget Amendment will will amend the County's current-year capital budget to increase the County share for BES05 by \$800,000.

The Department of Emergency Services ("Department") has advised that the Capital Budget Amendment is required because when BES05 was originally appropriated in 2006, the need to replace the Department's Heating Ventilation and Air Conditioning ("HVAC") system was not anticipated. The system is now failing, and parts are hard to obtain for such an old system so there is an urgent need for replacement. This system supports the Department's training center and administration building and has failed on several occasions over the past two years, especially during the coldest days of winter and hottest days of summer. The Department must maintain a functional training center, including climate-controlled classrooms, when Firefighter trainees return to the building to cool off on a hot summer day after training in fire conditions in full gear. In addition, the servers which support our 911 emergency dispatch center must be in a climate controlled environment, and our dispatcher center must be available for staff to work in at all hours.

The Bond Act, in the amount of \$4,750,000, would finance the cost of construction of HVAC system improvements at the DES Main Facility, consisting of the replacement of three HVAC units and related work.

The Department of Emergency Services (“Department”) has advised that financing is requested to fund rehabilitation of HVAC systems at the Department’s Main Facility. It is anticipated that the work will include replacement of three HVAC units, two rooftop mounted units and one standalone unit for the battery backup uninterrupted power supply room. One rooftop unit will service the administration and classroom side of the facility, and one will service with the computer aided dispatch, emergency medical services, and fire offices along with the facility locker rooms. This work will also include replacement of current duct work and control systems. Ceiling and lighting system will be removed and replaced to support the required duct work.

It should be noted that your Honorable Board has authorized the County to issue bonds in connection with prior components of BES05 as indicated in the annexed fact sheet.

Design is currently being undertaken by a consultant and is expected to be completed by the third quarter of 2025. It is estimated that construction will take eight to twelve months to complete and will begin after award and execution of construction contracts, subject to approval of construction financing by your Honorable Board.

The Planning Department has advised your Committee that based on its review, BES05 may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

The Planning Department has advised your Committee that the Planning Board has previously reviewed BES05 and issued a report, and that since there are no changes to the physical planning aspects of this project as reviewed by the Planning Board, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act may only be enacted following adoption of the Capital Budget Amendment. It

should also be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Bond Act.

RE: **NO-ACTION MEMO - Capital Budget Amendment – BES05 – DES Main Facility Rehabilitation (2025 CBA)**

The County Executive is requesting an amendment to the 2025 Capital Budget to modify the funding of the above project. Capital project **BES05 – DES Main Facility Rehabilitation (2025 CBA)** will fund the replacement of the heating ventilation and air condition equipment at the Department of Emergency Services headquarters.

The capital budget amendment is needed because of the increased costs associated with this project. This increase is due to the length of time that has transpired since the project's initial inception in 2006 including construction costs and particularly costs associated with the materials. These additional funds are needed to award the project to a contractor and to accommodate the subsequent increase in costs for construction administration.

The 2006 appropriation was for \$940,000 and the 2008 appropriation was \$9M. The additional request is for \$4,750,000.

This project was classified as a PL2 in the Planning Board Report on the 2006 Capital Project Requests adopted July 6, 2005.

There are no changes to the physical planning aspects of this project as reviewed by the Board; therefore, no further action by your Board is necessary.

2008 CAPITAL PROJECT REQUESTS:
EMERGENCY SERVICES

CATEGORY DESCRIPTION

The Board of Legislators created the Department of Emergency Services in 1999. The Department was given the following powers:

- Develop and maintain programs for emergency medical services training and certification, emergency medical services – related activities and mutual aid emergencies in which the services of emergency medical service providers would be used;
- Cooperate with the office for fire prevention and control and other state agencies in furthering such fire-related and emergency medical service programs;
- Coordinate radio communications and develop uniform procedures for dispatching for both fire and emergency medical services, including medical telemetry and control, between hospitals and ambulances by medical emergency radio system; ambulance dispatching, inspection and certification;
- Provide direct dispatch for those municipalities that enter into an inter-municipal agreement with the County for those services;
- Develop and maintain a County disaster preparedness plan, in accordance with Article 2-b of the Executive Law, for the coordination of emergency services in the event of natural or other disaster or emergency;
- Assist with the powers and duties of the County Executive in his capacity as the County's local director of civil defense under the New York State Defense Emergency Act, as codified in Chapter 784 of the laws of 1951, as amended;
- Coordinate the provision of disaster and emergency assistance by local disaster preparedness and civil defense forces in the event of a state of emergency or disaster within the county;
- Provide a hazardous material response unit; and,
- Perform such other duties as may be prescribed by law or required by the County Executive or the County Board of Legislators.

The local law provides for the position of a Commissioner of Emergency Services to head the Department. It also established a County Emergency Medical Services Advisory Board, which is to have between five and twelve members.

ANALYSIS OF OVERALL CAPITAL PROGRAM

Capital Project BES01 Study for Addition and Renovation to Fire Training Center for Emergency Operations Center funded a study to determine how the Fire Training Center could best meet the demands of the new department. Since the completion of the study, the County has modified its goals for the Fire Training Center. The Department of Emergency Services is continuing to work closely with the Capital Projects Committee to develop a capital program that meets the needs of the Department of Emergency Services in a timely manner and balancing cost constraints.

The 2008-12 proposed projects to enhance the department's training facilities stem from the BES01 Study as reconsidered. Phased improvements include relocation of equipment from the Main Facility to a new storage facility, conversion of the former storage areas to classroom space, and a new Burnhouse. In addition, a project under review would upgrade fire and EMS radio systems.

ANALYSIS OF 2008 CAPITAL PROJECTS

Emergency Services is requesting two projects in 2008 for a total of \$14.4 million. Both are rated PL2; Reports on these projects follow.

FIVE YEAR CAPITAL PROGRAM (in thousands)

Project Description:

The study prepared under capital project BES01 recommends the conversion of existing emergency response apparatus storage bays to classrooms, conference rooms and renovated locker room and restroom facilities. The renovation will also make the building ADA-compatible and the mechanical systems will be upgraded and the administrative area will be re-aligned.

APPROPRIATION /FUNDING REQUESTS:

2006: Design
2008: Construction

JUSTIFICATION: The building that houses the Department of Emergency Services was opened in 1979. At that time, the Department offered fire training programs to firefighters. Since then, the training focus has broadened to include fire programs, EMS training, emergency management and weapons of mass destruction programs and pediatric training sessions. In 1988, a total of 4,835 participants were trained. By 2003, that number increased 500% to over 24,000 participants and that number continues to increase.

The existing classroom space is inadequate to accommodate the growing number of participants. The proposed conference rooms will allow smaller groups to meet. The existing locker rooms are deteriorated and in disrepair. Restroom facilities are inadequate to handle the volume of participants using the building. Mechanical systems will need to be upgraded for the additional occupied space formerly used as apparatus storage bays.

CONSISTENCY WITH PROGRAMS OR PLANS: This project is recommended by the recently completed study. This project is consistent with the *Patterns* policy to "support capital improvements for physical facilities that enable the County to deliver social and public safety services in an efficient, economic and humane manner."

Planning Board Analysis:

PL2: The Planning Board supports the proposed rehabilitation of the Department of Emergency Services' main building. Plans for any enhancement of the existing facilities should be reviewed by the Planning Department for consistency with current Campus development guidelines, including the Campus Master Plan, now being updated.

An Act amending the 2025 County
Capital Budget Appropriations for

Total	\$9,940,000	\$800,000	\$10,740,000

Section 3. The ACT shall take effect immediately.

ACT NO. 126 - 2025

BOND ACT AUTHORIZING THE ISSUANCE OF \$4,750,000 BONDS OF THE COUNTY OF WESTCHESTER, OR SO MUCH THEREOF AS MAY BE NECESSARY, TO FINANCE THE COST OF THE CONSTRUCTION OF HVAC SYSTEM IMPROVEMENTS AT THE DES MAIN FACILITY, STATING THE ESTIMATED MAXIMUM COST THEREOF IS \$4,750,000; STATING THE PLAN OF FINANCING SAID COST INCLUDES THE ISSUANCE OF \$4,750,000 BONDS HEREIN AUTHORIZED; AND PROVIDING FOR A TAX TO PAY THE PRINCIPAL OF AND INTEREST ON SAID BONDS. (Adopted 06/16 , 2025)

BE IT ENACTED BY THE COUNTY BOARD OF LEGISLATORS OF THE COUNTY OF WESTCHESTER, NEW YORK (by the affirmative vote of not less than two-thirds of the voting strength of said Board), AS FOLLOWS:

Section 1. Pursuant to the provisions of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of the State of New York (the "Law"), the Westchester County Administrative Code, being Chapter 852 of the Laws of 1948, as amended, and to the provisions of other laws applicable thereto; \$4,750,000 bonds of the County, or so much thereof as may be necessary, are hereby authorized to be issued to finance the construction of HVAC system improvements at the DES Main Facility, consisting of the replacement of three HVAC units and related work in connection therewith, all as set forth in the County's Current Year Capital Budget, as amended. To the extent that the details set forth in this act are inconsistent with any details set forth in the Current Year Capital Budget of the County, such Budget shall be deemed and is hereby amended. The estimated maximum cost of said specific object or purpose, including preliminary costs and costs incidental thereto and the financing thereof is \$4,750,000. The plan

of financing includes the issuance of \$4,750,000 bonds herein authorized; and any bond anticipation notes issued in anticipation of the sale of such bonds and the levy of a tax to pay the principal of and interest on said bonds and notes.

Section 2. The period of probable usefulness of the specific object or purpose for which said \$4,750,000 bonds authorized by this Act are to be issued, within the limitations of Section 11.00 a. 13 of the Law, is ten (10) years;

Section 3. Current funds are not required to be provided as a down payment pursuant to Section 107.00 d. 9. of the Law prior to issuance of the bonds authorized herein, or any bond anticipation notes issued in anticipation of the sale of such bonds. The County intends to finance, on an interim basis, the costs or a portion of the costs of said improvements for which bonds are herein authorized, which costs are reasonably expected to be reimbursed with the proceeds of debt to be incurred by the County, pursuant to this Act, in the maximum amount of \$4,750,000. This Act is a declaration of official intent adopted pursuant to the requirements of Treasury Regulation Section 1.150-2.

Section 4. The estimate of \$4,750,000 as the estimated maximum cost of the aforesaid specific object or purpose is hereby approved.

Section 5. Subject to the provisions of this Act and of the Law, and pursuant to the provisions of §30.00 relative to the authorization of the issuance of bond anticipation notes or the renewals thereof, and of §§50.00, 56.00 to 60.00 and 168.00 of said Law, the powers and duties of the County Board of Legislators relative to authorizing the issuance of any notes in anticipation of the sale of the bonds herein authorized, or the renewals thereof, relative to providing for substantially level or declining annual debt service, relative to prescribing the terms, form and contents and as to the sale and issuance of the respective amounts of bonds herein authorized, and

of any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and relative to executing agreements for credit enhancement, are hereby delegated to the Commissioner of Finance of the County, as the chief fiscal officer of the County.

Section 6. Each of the bonds authorized by this Act and any bond anticipation notes issued in anticipation of the sale thereof shall contain the recital of validity prescribed by §52.00 of said Local Finance Law and said bonds and any notes issued in anticipation of said bonds shall be general obligations of the County of Westchester, payable as to both principal and interest by general tax upon all the taxable real property within the County. The faith and credit of the County are hereby irrevocably pledged to the punctual payment of the principal of and interest on said bonds and any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and provision shall be made annually in the budgets of the County by appropriation for (a) the amortization and redemption of the notes and bonds to mature in such year and (b) the payment of interest to be due and payable in such year.

Section 7. The validity of the bonds authorized by this Act and of any notes issued in anticipation of the sale of said bonds, may be contested only if:

(a) such obligations are authorized for an object or purpose for which the County is not authorized to expend money, or

(b) the provisions of law which should be complied with at the date of the publication of this Act or a summary hereof, are not substantially complied with,

and an action, suit or proceeding contesting such validity, is commenced within twenty days after the date of such publication, or

(c) such obligations are authorized in violation of the provisions of the Constitution.

Section 8. This Act shall take effect in accordance with Section 107.71 of the Westchester County Charter.

The current request includes a 2025 CBA in the amount of \$800,000. These funds are shown above in "Under Review". The current HVAC systems experiences frequent failures. This project is essential because the servers for the 911 emergency dispatch system must be temperature controlled to function properly. In addition, Firefighter training is done year round outside in the drill yard in full bunker gear. When the students come back into the classrooms, they must be able to recover in a temperature controlled area.
