RE: Message Requesting Immediate Consideration: **Bond Act – BPL26 – (3131) Flood Mitigation, and an IMA with Mamaroneck.**

---

This will confirm my request that the Board of Legislators allow submission of the referenced communication to be submitted to the Board of Legislators February 2, 2026 Agenda.

Transmitted herewith is legislation which, if adopted by your Honorable Board, would authorize the County of Westchester (the "County") to enter into an intermunicipal agreement ("IMA") with the Village of Mamaroneck, as well as Bond Act - BPL26.

Therefore, since this communication is of the utmost importance, it is respectfully submitted that the County Board of Legislators accepts this submission for February 2, 2026 "blue sheet" calendar.

Thank you for your prompt attention to this matter.

Westchester County Board of Legislators  
800 Michaelian Office Building  
White Plains, New York 10601

Dear Honorable Members of the Board of Legislators:

Transmitted herewith is legislation which, if adopted by your Honorable Board, would authorize the County of Westchester (the "County") to enter into an intermunicipal agreement ("IMA") with the Village of Mamaroneck (the "Village") requiring the County to contribute funding toward the costs of demolition and reconstruction of the Ward Avenue Bridge (the "Bridge") in order to reduce flooding of municipal and private property in the Village. I am also transmitting a proposed bond act (the "Bond Act") to authorize the issuance of up to \$1,850,000 in County bonds to finance design of the replacement of the Bridge to reduce flooding and flood risk, for which an appropriation exists in the County's Capital Budget in BPL 26 Flood Mitigation.

The Bridge is owned by the Village and is located in an area identified as a flood problem area within the Stormwater Reconnaissance Plan for the Coastal Long Island Sound Watershed, prepared by the County and adopted by your Honorable Board on August 4, 2014. The Stormwater Reconnaissance Plan includes a discussion of flooding within the Village and references the United States Army Corps of Engineers ("USACE") study of the Mamaroneck and Sheldrake rivers that ultimately identified the Bridge as one of many projects to reduce flooding and flood risk within the study area.

The Village seeks the demolition and removal of the Bridge and reconstruction of a new bridge in the current location. Pursuant to Section 102 of New York Highway Law, the County superintendent of highways has supervision of all County roads and bridges comprising the county highway system, together with any other roads and bridges for which responsibility is imposed on the County under any lawful agreement made by the County. The parties propose to enter into an IMA to impose such responsibility on the County.

The County is a party to an agreement with the New York State Department of Environmental Conservation ("NYSDEC") whereby the County will contribute funds to the United States Army Corps of Engineers ("USACE") for the Mamaroneck and Sheldrake Rivers Flood Risk Reduction Project (the "NYSDEC Agreement"), of which the demolition and reconstruction of the Bridge is a component. In order to avoid further delays in the overall project, the Village has requested that the County advance the demolition and reconstruction of the Bridge.

Under the proposed IMA, the County will be responsible for demolition and removal of the existing Bridge and related structures and design and construction of a new bridge substructure and superstructure, bridge railing and/or parapet, sidewalks, roadway reconstruction and drainage enhancements ("Project"). The Project will be designed and constructed by the County in accordance with the New York State Department of Transportation Standard Specifications for Construction and Materials, including all applicable revisions. The County, on behalf of NYSDEC as the Non-Federal Interest and the Municipality as the owner of the Bridge, intend to satisfy the responsibilities identified by the USACE in the eventual Project Partnership Agreement ("PPA"). The design work for the Project will include survey, mapping, traffic data and accident analysis, geotechnical investigations, hydraulic analysis, construction cost estimates, and preparation of engineering plans and specifications. After the design is completed, a subsequent bond act will be submitted to your Honorable Board to finance the Project's construction.

The IMA will require the Village to acquire any necessary property rights for the Project and convey an easement to the County in order to provide the necessary property interest for the County to issue bonds to finance the Project. The Village will be responsible for remediation of any hazardous materials found and indemnify the County for any claims related to remediation. The Village will also act as lead agency for the necessary environmental reviews required by the State Environmental Quality Review Act for the construction phase of the Project. Following completion of the Project, the Village will be responsible for maintenance of the Bridge, the surrounding land and the stream/riverbed. The total cost to the County for design, construction and construction management of the Project is currently estimated to be \$22,000,000. The term of the IMA will be for a period equal to or greater than the life of any bonds issued by the County to fund the County's portion of the Project, which is estimated to be forty (40) years pursuant to New York Local Finance Law section 11.00.

Accordingly, I most respectfully recommend your Honorable Board's approval of the attached Act and Bond Act.

Sincerely

## **HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a communication from the County Executive recommending approval of an Act which, if adopted by this Honorable Board, would authorize the County of Westchester (the “County”) to enter into an intermunicipal agreement (“IMA”) with the Village of Mamaroneck (the “Village”) requiring the County to contribute funding toward the costs of demolition and reconstruction of the Ward Avenue Bridge (“Bridge”) in order to reduce flooding of municipal and private property in the Village. The County Executive also requests the adoption of a bond act (the “Bond Act”), prepared by the law firm of Hawkins Delafield and Wood, LLP, that would authorize the issuance of up to \$1,850,000 in County bonds to finance design of the Bridge replacement to reduce flooding and flood risk, for which an appropriation exists in the County’s Capital Budget in BPL 26 Flood Mitigation.

Your Committee is advised that the Bridge is owned by the Village and is located in an area identified as a flood problem area within the Stormwater Reconnaissance Plan for the Coastal Long Island Sound Watershed, prepared by the County and adopted by your Honorable Board on August 4, 2014. The Stormwater Reconnaissance Plan includes a discussion of flooding within the Village and references the United States Army Corps of Engineers (“USACE”) study of the Mamaroneck and Sheldrake rivers that ultimately identified the Bridge as one of many projects to reduce flooding and flood risk within the study area.

The Village seeks the demolition and removal of the Bridge and reconstruction of a new bridge in the current location. Pursuant to Section 102 of New York Highway Law, the County superintendent of highways has supervision of all County roads and bridges comprising the county highway system, together with any other roads and bridges for which responsibility is imposed on the County under any lawful agreement made by the County. The parties propose to enter into an IMA to impose such responsibility on the County.

Your Committee is advised that the County is a party to an agreement with the New York State Department of Environmental Conservation (“NYSDEC”) whereby the County will contribute funds to the United States Army Corps of Engineers (“USACE”) for the Mamaroneck

and Sheldrake Rivers Flood Risk Reduction Project (the “NYSDEC Agreement”), of which the demolition and reconstruction of the Bridge is a component. In order to avoid further delays in the overall project, the Village has requested that the County advance the demolition and reconstruction of the Bridge.

Under the proposed IMA, the County will be responsible for demolition and removal of the existing Bridge and related structures and design and construction of a new bridge substructure and superstructure, bridge railing and/or parapet, sidewalks, roadway reconstruction and drainage enhancements (“Project”). The Project will be designed and constructed by the County in accordance with the New York State Department of Transportation Standard Specifications for Construction and Materials, including all applicable revisions. The County, on behalf of NYSDEC as the Non-Federal Interest and the Municipality as the owner of the Bridge, intend to satisfy the responsibilities identified by the USACE in the eventual Project Partnership Agreement (“PPA”). The design work for the Project will include survey, mapping, traffic data and accident analysis, geotechnical investigations, hydraulic analysis, construction cost estimates, and preparation of engineering plans and specifications. After the design is completed, a subsequent bond act will be submitted to your Honorable Board to finance the Project’s construction.

The IMA will require the Village to acquire any necessary property rights for the Project and convey an easement to the County in order to provide the necessary property interest for the County to issue bonds to finance the Project. The Village will be responsible for remediation of any hazardous materials found and indemnify the County for any claims related to remediation. The Village will also act as lead agency for the necessary environmental reviews required by the State Environmental Quality Review Act for the construction phase of the Project. Following completion of the Project, the Village will be responsible for maintenance of the Bridge, the surrounding land and the stream/riverbed. The total cost to the County for design, construction and construction management of the Project is currently estimated to be \$22,000,000. The term of the IMA will be for a period equal to or greater than the life of any bonds issued by the County to fund the County’s portion of the Project, which is estimated to be forty (40) years pursuant to New York Local Finance Law section 11.00.

The Planning Department has advised that, based on its review, the proposed IMA and Bond Act may be classified as a "Type II" action under the State Environmental Quality Review Act, 6 NYCRR Part 617 ("SEQRA), which is an action determined not to have a significant effect on the environment and therefore does not require further environmental review. Your Committee has reviewed the annexed SEQRA documentation and concurs with this recommendation.

Your Committee is advised that an affirmative vote of a majority of the voting strength of your Honorable Board is required for approval of the proposed Act, while approval of the Bond Act requires an affirmative vote of two-thirds of the members of this Honorable Board.

Your Committee has carefully considered and recommends approval of the attached Act and Bond Act.

ACT NO. -20\_\_\_\_\_

BOND ACT AUTHORIZING THE ISSUANCE OF \$1,850,000 BONDS OF THE COUNTY OF WESTCHESTER, OR SO MUCH THEREOF AS MAY BE NECESSARY, TO FINANCE THE COST OF PREPARATION OF PRELIMINARY AND DETAILED PLANS, SPECIFICATIONS AND ESTIMATES NECESSARY FOR THE REPLACEMENT OF THE WARD AVENUE BRIDGE IN THE VILLAGE OF MAMARONECK, STATING THE ESTIMATED MAXIMUM COST THEREOF IS \$1,850,000; STATING THE PLAN OF FINANCING SAID COST INCLUDES THE ISSUANCE OF \$1,850,000 BONDS HEREIN AUTHORIZED; AND PROVIDING FOR A TAX TO PAY THE PRINCIPAL OF AND INTEREST ON SAID BONDS  
(Adopted \_\_\_\_\_, 20\_\_\_\_)

BE IT ENACTED BY THE COUNTY BOARD OF LEGISLATORS OF THE COUNTY OF WESTCHESTER, NEW YORK (by the affirmative vote of not less than two-thirds of the voting strength of said Board), AS FOLLOWS:

Section 1. Pursuant to the provisions of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of the State of New York (the "Law"), the Westchester County Administrative Code, being Chapter 852 of the Laws of 1948, as amended, and the provisions of other laws applicable thereto, \$1,850,000 bonds of the County, or so much thereof as may be necessary, are hereby authorized to be issued to finance the cost of preparation of surveys, preliminary and detailed plans, specifications and estimates necessary for the replacement of the Ward Avenue Bridge in the Village of Mamaroneck in order to reduce flooding and flood risk, as an in-kind contribution to the United States Army Corps of Engineers

Mamaroneck-Sheldrake project, as set forth in the County's Current Year Capital Budget, as amended. The bridge is owned by the Village of Mamroneck and the County will enter into an intermuinicipal agreement with said Village and shall obtain an appropriate easement relation to the project. To the extent that the details set forth in this act are inconsistent with any details set forth in the Current Year Capital Budget of the County, such Budget shall be deemed and is hereby amended. The estimated maximum cost of the County's share of said specific object or purpose, including preliminary costs and costs incidental thereto and the financing thereof is \$1,850,000. The plan of financing includes the issuance of \$1,850,000 bonds herein authorized, and any bond anticipation notes issued in anticipation of the sale of such bonds, and the levy of a tax to pay the principal of and interest on said bonds and notes.

Section 2. The period of probable usefulness of said specific object or purpose, within the limitations of Section 11.00 a. 62 (2<sup>nd</sup>) of the Law, is five (5) years;

Section 3. Current funds are not required to be provided as a down payment pursuant to Section 107.00 d. 9. of the Law prior to issuance of the bonds authorized herein, or any bond anticipation notes issued in anticipation of the sale of such bonds. The County intends to finance, on an interim basis, the costs or a portion of the costs of said improvements for which bonds are herein authorized, which costs are reasonably expected to be reimbursed with the proceeds of debt to be incurred by the County, pursuant to this Act, in the maximum amount of \$1,850,000. This Act is a declaration of official intent adopted pursuant to the requirements of Treasury Regulation Section 1.150-2.

Section 4. The estimate of \$1,850,000 as the estimated maximum cost of the aforesaid specific object or purpose is hereby approved.

Section 5. Subject to the provisions of this Act and of the Law, and pursuant to the provisions of §30.00 relative to the authorization of the issuance of bond anticipation notes or the renewals thereof, and of §§50.00, 56.00 to 60.00 and 168.00 of said Law, the powers and duties of the County Board of Legislators relative to authorizing the issuance of any notes in anticipation of the sale of the bonds herein authorized, or the renewals thereof, relative to providing for substantially level or declining annual debt service, relative to prescribing the terms, form and contents and as to the sale and issuance of the respective amounts of bonds herein authorized, and of any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and relative to executing agreements for credit enhancement, are hereby delegated to the Commissioner of Finance of the County, as the chief fiscal officer of the County.

Section 6. Each of the bonds authorized by this Act and any bond anticipation notes issued in anticipation of the sale thereof shall contain the recital of validity prescribed by §52.00 of said Local Finance Law and said bonds and any notes issued in anticipation of said bonds shall be general obligations of the County of Westchester, payable as to both principal and interest by general tax upon all the taxable real property within the County. The faith and credit of the County are hereby irrevocably pledged to the punctual payment of the principal of and interest on said bonds and any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and provision shall be made annually in the budgets of the County by appropriation for (a) the amortization and redemption of the notes and bonds to mature in such year and (b) the payment of interest to be due and payable in such year.

Section 7. The validity of the bonds authorized by this Act and of any notes issued in anticipation of the sale of said bonds, may be contested only if:

(a) such obligations are authorized for an object or purpose for which the County is not authorized to expend money, or

(b) the provisions of law which should be complied with at the date of the publication of this Act or a summary hereof, are not substantially complied with,

and an action, suit or proceeding contesting such validity, is commenced within twenty days after the date of such publication, or

(c) such obligations are authorized in violation of the provisions of the Constitution.

Section 8. This Act shall take effect in accordance with Section 107.71 of the Westchester County Charter.

### **Project Description**

This project is intended to provide a share of the cost of funding flood mitigation projects that are proposed by local municipalities and approved by the County, as well as provide funding for watershed analyses and project development plans prepared by the County or in partnership with state and federal agencies. This is a general fund, specific projects are subject to a Capital Budget Amendment.

### **Current Year Description**

There is no current request.

### **Impact on Operating Budget**

The impact on the Operating Budget is the debt associated with the issuance of bonds.
