

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of an act, which, if adopted, will amend the County's current-year capital budget ("Capital Budget Amendment"), as well as adoption of a related bond act ("Bond Act") in the amount of \$300,000 prepared by the law firm Hawkins, Delafield & Wood to finance capital project RWPR5 – Ward Pound Ridge Reservation Fire Tower ("RWPR5").

Your Committee is advised that the Capital Budget Amendment will amend the County's current-year capital budget to increase the total 2021 appropriation for RWPR5 by \$300,000, comprised of a \$200,000 increase in bond appropriation and a \$100,000 increase to the non-County share appropriation. The Department of Parks, Recreation and Conservation ("Department") has advised that the Capital Budget Amendment is necessary to fund construction of the fire tower at the County's Ward Pound Ridge Reservation ("Reservation"). The Department has further advised that the \$100,000 non-County share represents anticipated receipt of grant funds from the Dormitory Authority of the State of New York via a Municipal Facilities program grant.

Your Committee is further advised that the Bond Act, in the amount of \$300,000 would finance the cost of installation of a fire tower and all associated site work at the Reservation.

The Department has advised that RWPR5 is necessary to replace an iconic feature at the Reservation. The new fire tower will be installed at the site of the former fire tower, located on the highest point in the Reservation, which is 860 feet above sea level. The site is accessible via the Reservation's blue trail from the Kimberly Bridge picnic area and, once constructed, will be a fantastic destination point with spectacular views across the entire Reservation.

Following bond authorization, design will be scheduled and is anticipated to take six months to complete. It is anticipated that design will be completed using consultants. It is estimated that construction will take six months to complete and will begin after award and execution of the construction contracts, subject to approval of construction financing by your Honorable Board.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

The Planning Department has advised your Committee that the Planning Board has previously reviewed RWPR5 and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act may only be enacted following adoption of the Capital Budget Amendment. It should also be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Bond Act.
