Comments:

The replacement of the steam line serving the Public Labs Building and Woodfield Cottage with a new above ground high pressure steam and condensate system is being managed by the New York Power Authority (NYPA). The original intent was to fund a portion of this work with financing provided by NYPA. However, at this time it is advantageous to fund this work with County bonds. The Capital Budget Amendment in the amount of \$11,380,000 is shown under review in the Five Year Capital Program above.
