

ACT 167 - 2024
(BOND) ACT 168 - 2024

Reference SPK20

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of an act, which, if adopted, will amend the County's current-year capital budget ("Capital Budget Amendment"), as well as adoption of a related bond act ("Bond Act") in the amount of \$15,895,000 prepared by the law firm Norton Rose Fulbright to finance capital project SPK20 – Forcemain Rehabilitation – Peekskill Sewer District ("SPK20").

Your Committee is advised that the proposed Capital Budget Amendment will amend the County's current-year capital budget to increase the appropriation for SPK20 by \$4,300,000. The capital budget amendment is necessary to due to cost escalation.

Your Committee is further advised by the Department of Environmental Facilities ("Department") that the Bond Act, in the amount of \$15,895,000, would finance the cost of design, construction management and construction costs for the rehabilitation or replacement of force mains and gravity sewers in the Peekskill Sanitary Sewer District, including rehabilitation and replacement of sections of the Water Street Force Main, construction or reconstruction of sewer pipes and manholes and incidental expenses.

The Department has advised that the construction of SPK20 is expected to be undertaken simultaneously with the rehabilitation of the Water Street Pumping Station in the Peekskill Sanitary Sewer District which will be undertaken in accordance with Capital Project SPK95.

Design is currently being undertaken by a consultant and is expected to be completed by the end of the third quarter of 2024. It is estimated that construction will take fifteen months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds in connection with SPK20 as indicated in the annexed fact sheet.

The Planning Department has advised your Committee that based on its review, SPK20 may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

The Planning Department has advised your Committee that the Planning Board has previously reviewed SPK20 and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act may only be enacted following adoption of the Capital Budget Amendment. It should also be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Bond Act.

SUBJECT: **STATE ENVIRONMENTAL QUALITY REVIEW FOR CAPITAL PROJECT:
SPK20 Forcemain Rehabilitation – Peekskill Sewer District**

PROJECT/ACTION: Per Capital Project Fact Sheet as approved by the Planning Department on
06-18-2024 (Unique ID: 2559)

With respect to the State Environmental Quality Review Act and its implementing regulations 6 NYCRR Part 617, the Planning Department recommends that no environmental review is required for the proposed action, because the project or component of the project for which funding is requested may be classified as a **TYPE II action** pursuant to section(s):

- **617.5(c)(2):** replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part;
- **617.5(c)(6):** street openings and right-of-way openings for the purpose of repair or maintenance of existing utility facilities.

COMMENTS: The majority of the rehabilitation work involves lining of the existing pipes. A portion of the pipelines, which run within a narrow space between active railroad tracks and several industrial buildings, will be replaced by extending the pipes already within the North Water Street right-of-way further north before connecting to the existing pipelines running alongside the railroad tracks. The street, which curves towards the railroad tracks a little further north, provides a better location for the installation and maintenance of the sewer lines with less environmental impacts.

This project is being combined with capital project SPK95, which provides for the rehabilitation of the Water Street Pumping Station, which may also be classified as a Type II action. The combined actions would not exceed any of the thresholds that would disqualify them from the Type II classification.

RE: **NO-ACTION MEMO - Capital Budget Amendment – Forcemain Rehabilitation
Peekskill Sewer District (2024 CBA)**

The County Executive is requesting an amendment to the 2024 Capital Budget to modify the funding of the above project. Capital project **SPK20 Forcemain Rehabilitation Peekskill Sewer District** will fund construction and construction management for the rehabilitation and replacement of sections of the Water Street Force Main in the Peekskill Sanitary Sewer District.

The capital budget amendment is needed because of the increased costs associated with this project. The total requested amount of \$17,600,000 includes \$13,300,000 of previously appropriated funds and a new CBA request of \$4,300,000. This project was classified as a PL2 in the 2005 Planning Board Report on Capital Project Requests adopted July 13, 2004.

There are no changes to the physical planning aspects of this project as reviewed by the Board; therefore, no further action by your Board is necessary.

The Commissioner of Finance is hereby authorized to enter into such agreements as said Commissioner of Finance shall determine reasonable and necessary to facilitate the issuance, sale, resale and, or repurchase of such bonds or notes pursuant to the provisions of Section 54.90 of the Local Finance Law. Such bonds and, or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance.

Section 12. All other matters, except as provided herein relating to such bonds, including determining whether to issue such bonds having substantially level or declining annual debt service and all matters related thereto, prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the County by the facsimile signature of the Commissioner of Finance, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, denominations, maturities and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. It is hereby determined that it is to the financial advantage of the County not to impose and

collect from registered owners of such bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the fiscal agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the fiscal agent. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine.

Section 13. The validity of such bonds and bond anticipation notes may be contested only if:

- (1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- (2) The provisions of law which should be complied with at the date of publication of this Bond Act are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- (3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 14. This Bond Act shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150 - 2. Other than as specified in this Bond Act, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 15. This Bond Act, which shall take effect immediately in accordance with the provisions of Section 33.10 of the Local Finance Law and as provided in Section 107.71 of the Westchester County Charter, shall be published in summary form in the official newspaper of said County for purposes of this Bond Act, together with a notice of the Clerk of the Board of Legislators in substantially the form provided in Section 81.00 of the Local Finance Law.

Project Description

The project funds the forcemain rehabilitation - Peekskill Sewer District. The installation is approximately 5,100 feet of 24" D.I. forcemain to replace the existing 16" and 12" forcemain. These forcemains have reached the end of their useful life and are subject to deterioration, from stray currents from the adjacent railroad tracks as well as from the corrosive nature of the surrounding soils.

Current Year Description

The current year request removes appropriation that is not needed under this project based on consultant estimates for forcemain work.
