George Latimer
County Executive

February 19, 2021

Mr. Anthony Sutton
10 Olive Drive
Mahopac, NY 10541

Dear Mr. Sutton,

It is my pleasure to appoint you to serve as a member of the Westchester County Emergency Medical Services Advisory Board, effective today, Friday, February 19, 2021, pursuant to the Laws of Westchester County §193.04. This appointment is for a term to expire on December 31, 2023

Your appointment is subject to confirmation by the Westchester County Board of Legislators, but your service begins immediately. You must complete the attached Oath of Office and file it with the County Clerk, and provide this office with a copy within 30 days. Please contact the Westchester County Department of Emergency Services at (914) 231-1927 for the date, place, and time of the Emergency Medical Services Advisory Board's upcoming meeting for your participation.

When you have filed your Oath of Office, a Resolution to confirm your appointment will be submitted to the County Board of Legislators. As part of the confirmation process, you may be called before the Board to be interviewed.

Pursuant to Local Law, as a member of a Westchester County Board and/or Commission, you are responsible for adhering to the requirements of our Code of Ethics, which includes the annual filing of a financial disclosure statement with the County Board of Ethics. A financial disclosure form will be mailed to you under separate cover.

Warmest wishes for a successful tenure.

Very Truly Yours,

George Latimer
Westchester County Executive

SUMMARY

I am a skilled manager with extensive experience in Fire, Emergency Medical Services, emergency planning, response and recovery. I currently serve as a Paramedic Supervisor and Capital Projects Coordinator at Port Chester-Rye-Rye Brook EMS. I previously served as Commissioner of Emergency Services in Putnam County. In that position, I was responsible for administering the County's 911 Center, Countywide Fire and EMS Operations and Training, as well as the County Emergency Operations Facility and Special Operations Teams. I served as Deputy Director for Operations at the New York State Division of Homeland Security and Emergency Services. In that role I was responsible for Emergency Management Field Operations and supervision of the NYS Incident Management Team. I managed the State Emergency Operations Center in Albany during the extended activation for Super-Storm Sandy. Prior to becoming State Deputy Director, I served as Commissioner of The Westchester County Department of Emergency Services. In that role, I was responsible for Emergency Management, Emergency Communications, Fire and EMS training and Special Operations. I have served as a senior advisor to the County Executive and Board of legislators on issues related to Homeland Security, Emergency Preparedness and disaster response

EMPLOYMENT EXPERIENCE

5/2015-9/2017 Commissioner, Putnam County Bureau of Emergency Services

- Responsible for oversight of Fire & EMS Training & Response, 911-Emergency Communications Center, Emergency Management and Emergency Operations Center.

2011- 2017 President- GMC Consulting LLC.

- Providing emergency management consulting support to corporate and government clients on large projects, planning, training and exercises.

1994-Present Member-Board of Directors, Paramedic Supervisor & Capital Projects Coordinator-

Port Chester-Rye-Rye Brook EMS

- Supervision of field providers in high volume 911 EMS system. Development & Management of capital projects and vehicle acquisition.

2012-2014 Deputy Director for Operations- NYS Div. of Homeland Security & Emergency Svs.-OEM

— Responsible for oversight of Field & Headquarters Operations, State Incident Management Team (IMT), State Regional Field Staff and Radiological Emergency Preparedness Program (REPP).

2003-2011 Commissioner- Westchester County Department of Emergency Services

- Responsible for directing, planning, coordinating, monitoring and evaluating the operations of the Department of Emergency Services which included the Divisions of Communications, Emergency Management, Fire Response, Fire & EMS Training and the Regional EMS Program Divisions.
- Top Advisor to County Executive and County Board of Legislators on issues related to homeland security, emergency preparedness & response.
- Represented County Executive with local municipal and school officials on homeland security and emergency preparedness topics, including response and recovery operations resulting from presidential disaster declarations.

2000-2003 Deputy Commissioner-Westchester County Department of Emergency Services

- Assisted Commissioner with management of Emergency Services Department.
- Specifically responsible for reorganization of the Division of Emergency Management.
- Planned, coordinated and oversaw construction of a state of the art emergency operations center.(EOC)

1994-2000 Administrator-COO Port Chester-Rye-Rye Brook Emergency Medical Services

- Hired for position after a national recruitment to transform a combination career/volunteer ambulance corps through the issues and conflicts associated with becoming a municipal career agency to meet service demands posed by skyrocketing call volume.

EDUCATION

Bachelor of Science-Industrial Engineering-Clarkson College

Paramedic Certificate-Westchester Community College

Radiological Emergency Management- Harvard

CERTIFICATION

Licensed Professional Engineer; New York, New Jersey, Washington DC

COMMUNITY EXPERIENCE

**Member and Board Trustee, Upper Westchester Muslim Society, Pleasantville, NY
2004 - Present**

Active member and Trustee of this Community Non-Profit since 2004. Working with other communities of faith in Upper Westchester to foster greater understanding and tolerance. Chair of the Project committee to build a new Community center. Chair of the Buildings & Grounds committee for the recently acquired UWMS Community Center at 600 Bear Ridge Rd. Member of Public Relations Committee.

Member Town of Mt. Pleasant Police Advisory Committee, Valhalla, NY 2020

Selected by the Town of Mt. Pleasant to sit on this important Committee to assess various police reform measures. Attended various listening meetings with Town Residents and working meetings with Committee members and Mt. Pleasant Police Chief.

PROFESSIONAL EXPERIENCE

Senior Vice President, Savin Engineers, P.C., Pleasantville, NY 1989 - Present

Mr. Elzoghby's professional experience is diverse and includes work on projects in the areas of Environmental, Civil, Sanitary, Structural, Marine, Port and Bridge Engineering. In addition, he is proficient in the application of computers to structural analysis and has authored several papers on the subject. His 35 years of experience on various projects includes structural design of new structures and rehabilitation of existing structures including oxygenation tanks, swirl concentrators, incinerator buildings, pipe galleries, pumping stations, oxygen generating buildings, chlorine contact tanks, underground pipe supports, electrical duct banks, and other miscellaneous structures. All designs were in accordance with ACI Sanitary Code and Seismic Provisions of local Building Codes. Mr. Elzoghby is currently working on the Guilford Water Reservoir Improvements for Baltimore Maryland and North River WWTP projects.

WSSC – Tiber Drive Water Main Replacement

Provided review and oversight of:

- Detailed design of 8-inch diameter water main to replace the existing system.
- Thrust restraint calculations to determine required restrained lengths for proposed water main.
- Prepared construction documents for approximately 2,800 linear feet of water main replacement, associated water house connections, fire hydrant connections, crossing between existing utilities, and stakeout data.

WSSC – Broad Creek Sewer Diversion

Provided review and oversight of:

- Detailed design of a new 8-inch diameter sewer main to divert wastewater flow from the Broad Creek Sewer Basin to the Western Branch Sewer Basin.

- Prepared construction documents for approximately 1,800 linear feet of sewer pipe installation, four (4) new sewer manholes, and associated pavement restoration in accordance with Prince Georges County requirements.

WSSC – Patuxent Raw Water Main Pigging Vaults

- Responsible for structural and mechanical design associated with two (2) new Pigging Vaults, Pig Launching Vault and Pig Receiving Vault, for a new 48-inch diameter water main.
- Performed detailed mechanical design in accordance with WSSC Standards for new 48-inch diameter water main with gate valves.
- Performed detailed structural design for reinforced concrete below grade vaults in accordance with WSSC Standards. Structural design included interior aluminum framed platforms, and reinforced concrete was designed to resist the required H-20 truck loading.

Guilford Water Reservoir Improvements, Baltimore, Maryland. Responsible charge of all structural design services. Project includes 2 new 240 ft. diameter potable water storage tanks, drilled pier foundation, reinforced concrete mat, seismic design and related work.

DC Water – Water Distribution System – PRV Vault, Washington DC

Performed detailed structural analysis and design of a below grade Pressure Reducing Valve (PRV) vault. Vault design consisted of reinforced concrete base slab, walls, and roof slab and framing subject to H-20 loading and surcharge. Performed buoyancy calculations and sliding resisting calculations for the new PRV vault. All design was in accordance with the District of Columbia Building Code supplement, ACI 350 and ASCE 7.

Ashburton Pumping Station Improvements, Baltimore, Maryland - Performed structural engineering services for the study and design of improvements at the Ashburton Pumping Station. This includes the main pumping station sub-structure, superstructure, numerous valve chambers and miscellaneous structural elements.

Montebello Water Filtration Treatment Plant, Baltimore, Maryland - Performed structural design services for a new pumping station, storm water diversion structures and modifications to a raw water distribution center. All design was completed in accordance with ACI 350 and the City of Baltimore Building Code.

Condition Assessment, New York City - Performed conditions assessment services for many NYCDEP owned and operated facilities for the Risk and Prioritization Study. This included structural evaluation of over 50 pump stations and 14 wastewater treatment plants ranging from 100,000 gpd to 310 MGD (including pump stations, clarifiers, tricking filters, activated sludge, conventional filtration, membrane filtration, digestion, digester gas systems, and many other processes).

Westchester County Structural Inspection Program

Performed structural inspection and evaluation of 19 pumping stations and five wastewater treatment plants, and numerous associated structures to identify structural deficiencies in the steel and concrete facilities. The inspections included visual observation and sounding of concrete elements. All inspections were conducted in accordance with ACI inspection standards. The facilities inspected included:

- Below-grade tanks – grit removal, primary and secondary sedimentation, aeration, and disinfection.
- Above-grade tanks – sludge thickeners, primary and secondary digesters.
- Superstructures – process buildings, administration buildings, pump stations.

Inspections included identifying corrosion, cracks, section loss, misalignment, and other elements in need of repair. The repair of the deficient elements was prioritized based on risk of failure.

Cryders Lane Outfall, New York City - Responsible charge of all structural design for the Cryders Lane Outfall Modifications. This project involved the structural design for a concrete box culvert extension of an existing outfall. The new box culvert was designed to divert the outfall flow towards a diversion channel, where a floating netting system provides floatables control. Performed field inspection of existing concrete outfall to

assess its condition, coordinated soil boring services and performed structural design of the new precast concrete culvert.

Flood Protection, Johnson City, NY - Responsible charge of engineering services to perform an evaluation of flood protection alternatives that could be implemented at the Binghamton Johnson City Joint Sewage Treatment and the TPS. The alternatives studied included a flood barrier wall, watertight structures, submersible equipment and sump pumping improvements. The alternatives were evaluated against criteria for the level of protection for the plant facilities, compatibility with existing facilities, reliability of installation, maintenance requirements, impacts to plant operations and cost. The evaluation concluded that a flood barrier wall was the preferred alternative. The recommended project included approximately 2500 linear feet of steel sheet pile wall, backflow control gates on all outfall and drainage pipes penetrating the barrier wall, and a seepage pumping system inside the perimeter of the barrier wall.

Project Manager for On-Call Construction Management Services for Port Authority of New York and New Jersey - Coordinate needs of Authority for construction management staff including construction managers, construction inspectors, field engineers, fire protection engineers, schedulers and cost estimators. Performed regular field monitoring and QA checks. Project Manager for various "Term" or "On-Call" type agreements including:

- Port Authority "Call-In" Construction Management Services, for Teterboro Airport – 2002-2006
- Port Authority "Call-In" Construction Management Services – 2007-Present
- NYSDOT Region 10 On-Call Construction Inspection Services – Term Agreement. 2001-2003
- TBTA Term Agreement - Construction Inspection Services –2001-2005
- NYC Dept. Parks & Recreation On-Call Construction Management Services Throughout the Five Boroughs of New York City, 2001-2002
- New York State Thruway "On-Call", Construction Inspection Services 20017-2019
- NYSOGS – "On-Call" Engineering Services

Performed Local Law 11 inspection and evaluation of an existing steel-framed high rise structure located at 655 Madison Avenue, New York, NY. Field reconnaissance was performed of the existing building exteriors and in accordance with NYCDOB.

Responsible charge of all structural designs of New BNR facilities at the New Rochelle WWTP. This \$200 million project involved the design of a 170 feet by 300 feet complex of reinforced concrete and steel structures housing N-Units, DN-Units (part of BAF process), UV facility, NaOH facility and a multistory-steel framed process control building. All concrete design was in accordance with ACI-350 and latest seismic provision of NYS Building Code.

Jill Swanson has been a Westchester resident for most of her life, with family in the area since the 1920s. She is the volunteer Captain of the Tarrytown Volunteer Ambulance Corps (TVAC), a position she began in March 2019. She began volunteering with TVAC in October, 2012 and became an EMT in July, 2018. During her time at TVAC, she has served as the Membership Chair (2017 – 2019) and was elected member of the Board of Directors (October 2016). She continues in that role since being appointed as Captain.

Outside of TVAC, Ms. Swanson has worked for Columbia University Press since 1986, beginning as an Administrative Assistant and currently in their accounting department. She volunteers with the Washington Engine Ladies Auxiliary and Disaster Response Team along with two of her daughters. She comes from a family of TVAC and other emergency response volunteers; her mother is a 30+ year member and former TVAC Captain, and her other daughter is a volunteer EMT and firefighter.

Biography of Joseph Barca

I was born and raised in the City of Yonkers. I continue to live in Yonkers with my wife Helen for the last 48 years. We have 3 children, who all live and work in Yonkers. Christopher 47 years old, married with a daughter. A Yonkers Police Officer assigned to the K-9 Unit. Matthew, 44 years old, single, a school teacher with the Yonkers Board of Education. And David, 40 years old married with 3 children (1 boy, 2 girls). He is a Sergeant, also with the Yonkers Police Department assigned to the Emergency Service Unit.

I was appointed to the Yonkers Police Department in 1969 as a Police Cadet. In 1971 upon completion of the Cadet program, I was appointed a Police Officer. Initially assigned to Patrol in the South Command. In 1972 the Department sent me to Emergency Medical Technician (EMT) School. This was my first exposure to Emergency Medicine on the street. After I graduated from EMT school, I was assigned to the Emergency Service Unit (ESU). In 1981 the Department sent myself and 5 other ESU Officers to Paramedic School. Upon graduation from Paramedic school, we were the first group of Paramedics working on the streets of Yonkers providing Advance Life Support to the citizens. I continued in that assignment until I was promoted to Sergeant in 1991. As a Sergeant, I was assigned to the 3rd Precinct as a Patrol Supervisor. In 1992 I was transferred back to the Emergency Service Unit. Besides supervising the ESU Officers I coordinated the Officers Medical and Rescue training. I was also given the responsibilities of seeing that the medical and rescue equipment was kept in a state of good repair. I was promoted to the rank of Lieutenant in 1997 assigned to the Field Services Unit assigned as a City-Wide Supervisor. In 1999 I was returned to ESU as a Supervisor and continued to oversee training and maintenance of equipment. In 2006 I was promoted to Captain and was assigned as the Midnight Tour Watch Commander. I held that position till I retired in 2015 with a total of 46 years of police service.

In 2000 the New York State – Department of Health designated Westchester County to have its own Regional Emergency Medical Service Council. James O'Connor the first Chairman of this new Council asked me to serve as Chairman of the Operations Committee. This committee has the responsibility of reviewing

applications for the various ambulance services that want to operate here in Westchester County. I continued as chairman of this committee until I was elected as Chairman of the council in 2016. I am presently still the Chairman of the Westchester Regional EMS Council.
