

## (BOND) ACT 261 - 2025

Reference RB03F (Unique ID# 3038)

### **HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the Westchester County Executive recommending approval by the County of Westchester ("County") of a bond act ("Bond Act") in the amount of \$5,457,000.00 to finance capital project RB03F – Ardsley Road Over Bronx River And Bronx River Parkway, Scarsdale and Greenburgh ("RB03F"). The Bond Act, which was prepared by the law firm Hawkins, Delafield & Wood LLP, will finance the cost of the rehabilitation of two existing bridges on Ardsley Road over the Bronx River and the Bronx River Parkway in Scarsdale and Greenburgh, including the complete removal and replacement of the roadway pavement, fill, sidewalks, and waterproofing membrane; the replacement of deteriorated concrete on both structures; reconstruction and repointing of stone parapets and stone facing; the relocation of utilities; the installation of underwater concrete, rip-rap and bioremediation along the banks; and the reconstruction of concrete steps.

The Department of Public Works and Transportation ("Department") has advised your Committee that the bridge over the Bronx River, which was built in 1924, and the bridge over the Bronx River Parkway, which was built in 1925, have an annual daily traffic count ("AADT") of 15,775 and are in need of rehabilitation to maintain safe roadways for the traveling public. In 2023, the New York State Department of Transportation ("NYSDOT") gave the bridge over the Bronx River Parkway a condition rating of 4.06. In 2025, NYSDOT gave the bridge over the Bronx River a condition rating of 3.78. Both bridges have continued to deteriorate. The condition rating system, using a scale of 1 ("hazardous") through 7 ("new"), is a weighted average of the condition of an evaluated bridge. A rating below 5 indicates that a bridge requires work and delay of this work could result in the continued deterioration of the bridge.

Your Committee is further advised that design for RB03F is currently being undertaken by a consultant and is expected to be completed by the fourth quarter of 2025. It is anticipated that construction will take approximately twenty-four months and will begin after award and execution of the construction contracts.

The Department of Planning has advised your Committee that based on its review, RB03F may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 ("SEQR"). Therefore, no environmental

review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
