

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of an amended bond act (“Amended Bond Act”) in the total amount of \$6,785,000 which includes \$370,000 in previously authorized bonds of the County of Westchester (“County”) to finance Capital Project RKP02 – Kingsland Point Park Bulkhead Replacement (“RKP02”). The Amended Bond Act, which was prepared by the law firm Harris Beach, PLLC, is required to finance bulkhead and shoreline stabilization improvements at the County’s Kingsland Point Park (“Park”) located in Tarrytown, including repairs and replacement to the bulkhead, shoreline stabilization, rehabilitation of the seawall structure and walkway along the shoreline.

The Department of Parks, Recreation and Conservation (“Department”) has advised that the structures are required to protect the shoreline from erosion caused by the Hudson River, and that they are in poor condition and have failed in some places. RKP02 is necessary to maintain Park patrons’ safety, protect the Park land mass and prevent erosion.

Design is currently being undertaken by a consultant and is expected to be completed by the fourth quarter of 2021. It is anticipated that construction will take fifteen to eighteen months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds to finance RKP02, as follows: Bond Act No. 91-2017 in the amount of \$370,000 which authorized financing for design work in connection with RKP02. These bonds have not been sold. Accordingly, it is now requested that Bond Act No. 91-2017 be amended to increase the total amount authorized by \$6,415,000, for a total authorized amount, as amended, of \$6,785,000, to revise the scope of Bond Act No. 91-2017 to include work associated with the construction phase of RKP02 and to increase the period of probable usefulness of said bonds.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Amended Bond Act. Your Committee recommends the adoption of the proposed Amended Bond Act.

RKP02 KINGSLAND POINT PARK BULKHEAD REPLACEMENT**

---

**PROJECT/ACTION:** Per Capital Project Fact Sheet as approved by the Planning Department on 08-10-2021 (Unique ID: 1608)

With respect to the State Environmental Quality Review Act and its implementing regulations 6 NYCRR Part 617, the Planning Department recommends that no further environmental review is required for the proposed action, because the project or component of the project for which funding is requested may be classified as a **TYPE II action** pursuant to section:

- **617.5(c)(2):** replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part.
- 

**COMMENTS:** NYSDEC classified the project as a Type II action, per plans submitted to the New York State Department of Environmental Conservation (NYSDEC) and authorized by permit dated 6/25/2021. The project will include the removal of trees that are destabilizing the bank or would obstruct the rehabilitation of the shoreline. Landscape plans include a large number of native shrubs and trees. The number of replacement trees will exceed the number of trees to be removed.
