Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Honorable Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$1,000,000 to finance the following capital project:

SNR23 – New Rochelle WRRF Sludge Thickener Rehabilitation ("SNR23").

The Bond Act, in the amount of \$1,000,000.00 would finance the design for the rehabilitation of the sludge thickening tank at the New Rochelle Water Resource Recovery Facility, including the replacement of mechanical collection equipment, sludge handling, dewatering and processing systems, and roof repair. This work will include repair or replacement of all mechanical, plumbing, HVAC, odor control, instrumentation, electrical, structural and architectural systems, including all necessary appurtenances.

The Department of Environmental Facilities ("Department") has advised that the sludge thickener tank equipment and roofing are reaching the end of their useful life and need to be replaced. The new equipment will improve the operational performance, reliability, and efficiency of the facility. The Department is required to keep its water and wastewater treatment facilities in a state of good repair, in accordance with State and Federal regulations.

Following bonding authorization, design will be scheduled and is anticipated to take 12 months to complete. It is anticipated that the design work will be completed by consultants. It is estimated that construction will take 18 months to complete and will begin after award and execution of the construction contracts.

The Department of Planning has advised that based on its review, the proposed capital project may be classified as a "Type II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Sincerely,

A handwritten signature in black ink, appearing to read "George Latimer", written in a cursive style.

George Latimer
