RE: Bond act for capital project RTB11 – Tibbetts Brook Park Pool Rehabilitation

---

Transmitted herewith for your review and approval is a bond act (the “Bond Act”), which, if adopted, would authorize the County of Westchester (the “County”) to issue bonds in the amount of \$800,000.00 to finance the following capital project:

RTB11 – Tibbetts Brook Park Pool Rehabilitation (“RTB11”).

The Bond Act, in the amount of \$800,000.00, would finance the design of the rehabilitation of the Tibbetts Brook Park Swimming Pool Facility (the “Pool Facility”), including associated site improvements and supporting infrastructure upgrades.

The Department of Parks, Recreation and Conservation (the “Department”) has advised that the Pool Facility is experiencing ongoing operational, structural, and infrastructure deficiencies requiring comprehensive investigation, design, rehabilitation, and modernization. The project will include the repair, resurfacing, and/or replacement of pool decks, walls, tiling, coping, aquatic playground features, water play equipment, water slides, filtration and water treatment systems, electrical and pump control systems, chlorine storage systems, and other related infrastructure. Additional improvements may include upgrades to site lighting, perimeter fencing, security systems, Wi-Fi, utilities, landscaping, accessibility features, and other related improvements necessary to ensure the safe, efficient, and long-term operation of the Pool Facility.

Following bonding authorization, design will be scheduled and is anticipated to take 15 months to complete. It is anticipated that the design work will be completed by consultants. It is estimated that construction will take 18 months to complete and will begin after award and execution of the construction contracts.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.
