

(BOND) ACTS 219, 220 - 2025

Reference BCR61

HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of the following bond acts in connection Capital Project BCR61 – Parking Structure Infrastructure Improvements ("BCR61"):

(1) a bond act amending in part prior Bond Act No. 23-2021 to remove \$1,225,000 attributable to the design of project BCR61, and decrease the estimated maximum amount of bonds authorized thereunder from \$6,100,000 to \$4,875,000 (the "Amending Bond Act"); and

(2) a bond act authorizing the issuance of bonds in the total amount of \$14,000,000 to finance the cost of design and construction associated with renovations to the Department of Correction ("DOC") parking structure in Valhalla (the "Consolidated Bond Act").

Your Committee is advised that the Amending Bond Act, which was prepared by the law firm Hawkins Delafield and Wood, LLP, is required to remove design funding for renovations to the DOC parking structure related to BCR61 from Bond Act No. 23-2021, so that those authorizations may be included in the Consolidated Bond Act.

Your Committee is further advised that the Consolidated Bond Act, in the total amount of \$14,000,000, also prepared by the law firm Hawkins Delafield and Wood, LLP, will finance design and construction costs associated with renovations to the DOC parking structure. Work will include structural rehabilitation such as removal and replacement of waterproofing membrane, repair and re-setting of double tee beams, rehabilitation of shear connectors, stairways repair; replacement of scuppers, downspouts, expansion joint systems, installation of concrete wheel stops; and associated work. The project will also include replacement of the existing lighting system, fire suppression system upgrades and electrical system upgrades. These renovations are necessary to protect the safety of staff and visitors to the facility. This bond act represents a \$12,775,000 increase to the amount previously authorized for BCR61 and includes the \$1,225,000 previously authorized for the design of project BCR61 under Bond Act 23-2021.

Your Committee is advised that design is currently underway and is expected to be completed by the 4th quarter of 2025. It is estimated that construction will take twelve (12) months to complete and will begin after award and execution of the construction contracts.

The Department of Planning has advised your Committee that based on its review, BCR61 may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 ("SEQR"). Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

Your Committee has carefully considered the proposed Amending Bond Act and Consolidated Bond Act, and recommends approval of both the proposed Acts. It should be further noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Amending Bond Act and Consolidated Bond Act.
