Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators,

Transmitted herewith for your review and approval is a resolution expressing that the passage of the Clean Water, Clean Air, Green Jobs Environmental Bond Act of 2022 will improve many aspects of Westchester's water infrastructure and environment.

Westchester County has experienced the impact of climate change in severe storms such as the remnants of Hurricane Ida, Hurricane Sandy, and Hurricane Irene. These storms bring intense flooding, cost millions in property damage, and have claimed the lives of our residents.

The Environmental Bond Act of 2022 is the first environmental bond act in over 25 years. The Bond Act, if approved by voters, would authorize New York State to sell \$4.2 billion in State bonds to mitigate the effects of climate change across the state.

The Bond Act would make funding available to improve flood mitigation efforts in Westchester; it would also support efforts to combat climate change which, if successful, will prevent severe weather events from becoming more frequent and more damaging.

Due to the significance of this Environmental Bond Act to Westchester's residents, the County respectfully requests affirmative action on the proposed resolution.

Sincerely,

George Latimer
Westchester County Executive
