

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of an amended bond act (the “Bond Act”) in the total amount of \$5,175,000, which includes \$1,050,000 in previously authorized bonds of the County of Westchester (“County”), to finance Capital Project RGI04 – Glen Island Bridge Rehabilitation III (“RGI04”).

The Bond Act, which was prepared by the law firm of Hawkins Delafield & Wood, will provide additional design funding for the rehabilitation of the Glen Island Bridge (the “Bridge”) in New Rochelle. This funding will be used to pay additional design fees associated with the Bridge rehabilitation and for a temporary bridge that will provide access to Glen Island during the construction phase. The additional funding will be used for public outreach, hearings, additional testing and investigation, temporary real estate efforts required for the temporary bridge and County reviews and oversight.

The Department of Parks, Recreation and Conservation (the “Department”) has advised that the Bridge provides sole access from the mainland to Glen Island, which includes Glen Island Park and the Glen Island Harbour Club. The County is required by the U.S. Coast Guard to operate and maintain the bascule Bridge, which also allows access through the channel. The Bridge is an original component of the 1925 development of Glen Island by the County Park Commission. Structural engineering reports by the Department of Public Works and Transportation indicate an urgent need to rehabilitate the Bridge.

Your Committee is advised that following bonding authorization, the additional design work will be scheduled and is anticipated to take seven (7) months to complete and will be performed by outside consultants. It is estimated that construction will take between 24-26 months to complete and will begin after award and execution of the construction contracts, subject to your Honorable Board’s approval of construction funding.

Your Committee notes that your Honorable Board has previously authorized bonding in connection with RGI04 as follows: Bond Act No. 122-2019 in the amount of \$1,050,000, which funded design of the replacement of the Bridge deck and above deck elements, as well

as all associated infrastructure. The bonds authorized by Bond Act No. 122-2019 have not been sold. Accordingly, authority of your Honorable Board is now requested to amend Bond Act No. 122-2019 to increase the initial amount authorized thereunder by \$4,125,000, to a new total amount authorized of \$5,175,000 and to revise the scope of the project to include additional design services associated with the Bridge rehabilitation and the temporary bridge.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
