ACT 24 - 2023

Reference: BPL26  
(Unique ID# 2001)

**THE HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER**

DRAFT  
IMA ON FILE

Your Committee is in receipt of a transmittal from the County Executive recommending approval of an amended bond act (the “Amended Bond Act”), which if adopted, would authorize the County of Westchester (the “County”) to issue additional bonds in the amount of \$1,500,000.00 to finance a component of capital project BPL26 - Flood Mitigation (“BPL26”). Also, attached is an act (the “Act”) authorizing the County to amend the existing intermunicipal agreement (the “IMA”) with the Village of Mamaroneck (the “Village”).

The Amended Bond Act, in the total amount of \$2,500,000.00, which includes \$1,000,000.00 in previously authorized bonds of the County, would provide additional funding for the County’s portion of a municipally proposed flood mitigation project to reconstruct the Hillside Avenue bridge in the Village (the “Project”). The reconstruction of the Hillside Avenue bridge to increase the span and widen the culvert over the Mamaroneck River, has been identified in the U.S. Army Corps of Engineers General Re-evaluation Report for the Mamaroneck and Sheldrake Rivers as having flood mitigation benefits for properties in the area. Additional funds are now needed to complete the Project to offset cost increases. Necessary administrative approvals prevented the project from moving forward for several months. When the approvals were attained, the costs associated with the project increased substantially, as reflected in the proposal put forward by the lowest reasonable bidder, which exceeded the funds available for the project by \$978,000. It was initially believed that NYS DOT funds, which were being administered by the County, could cover the shortfall but this turned out not to be the case. Additionally, since the time the lowest responsible bidder’s proposal was accepted, the cost of the project also increased due to material and supply chain issues. Additional funds are now needed to cover the costs of the already completed project.

Your Committee is advised that the Act would authorize the County to amend an IMA with the Village in order to increase the County’s contribution toward the Project by an additional \$1,365,429.24, from an amount not-to-exceed \$1,000,000.00 to an amount not-to-exceed \$2,365,429.24. The remaining bond funds will be used to support County review and administration.

It should be noted that your Honorable Board has previously authorized the County to issue bonds in connection with the Project as follows: Bond Act No. 247-2019 in the amount of \$1,000,000.00, which financed the County's initial 50% contribution toward Phase II funding for the Project. These bonds have not been sold. Accordingly, it is now requested that Bond Act No. 247-2019 be amended to increase the initial amount authorized by \$1,500,000.00, for a new total authorized amount, as amended, of \$2,500,000.00.

The Planning Department has advised that pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (SEQR), the Village classified the Hillside Avenue Bridge replacement project as an Unlisted action. On June 25, 2019, the Village Board of Trustees issued a notice of intent to serve as lead agency and circulated Part 1 of a full Environmental Assessment Form. On August 26, 2019, the Village issued a Negative Declaration for the project. No changes are proposed to the project scope. Since the Village undertook coordinated review and the County was included as an involved agency, then, in accordance with section 617.6(b)(3), no further environmental review is required by the County.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required to adopt the Amended Bond Act, while the Act authorizing the amendment to the IMA with the Village may be adopted upon an affirmative vote of a majority of the members of your Honorable Board following the adoption of the Amended Bond Act.

Based on the importance of this project to the County, your Committee recommends favorable action on the annexed Acts.

SUBJECT: **STATE ENVIRONMENTAL QUALITY REVIEW FOR  
BPL26 FLOOD MITIGATION – Hillside Ave Bridge, Mamaroneck**

---

The Planning Department has reviewed Capital Project BPL26 - Flood Mitigation (Unique ID: 2001) with respect to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (SEQR).

The current request will provide additional funding assistance to the Village of Mamaroneck for the replacement of the Hillside Avenue Bridge in the Village of Mamaroneck, amending the previous bond act and IMA. No changes to the project scope are proposed. The existing bridge is in poor condition and is subject to overtopping during flood events. The replacement bridge will be slightly higher, wider, and will have deeper footings. The expanded hydraulic opening of the new bridge will lower upstream surface water elevation during storm events.

Pursuant to SEQR, the Village of Mamaroneck classified the Hillside Avenue Bridge replacement project as an Unlisted action. On June 25, 2019, the Village of Mamaroneck Board of Trustees issued a notice of intent to serve as lead agency and circulated Part 1 of a full Environmental Assessment Form. On August 26, 2019, the Village issued a Negative Declaration for the project. Since the Village of Mamaroneck undertook coordinated review and the County of Westchester was included as an involved agency, then, in accordance with section 617.6(b)(3), no further environmental review is required by the County.

Please do not hesitate to contact me if you have any questions regarding this matter.

**Current Bond Description:** The current request is to amend the original bond act (247-2019) for the Hillside Avenue Bridge project in the Village of Mamaroneck. Additional funds are required as a result of cost increases due to materials and supply chain issues that have resulted in delays and cost increases. The total funding requested, including both the previous funding and the current request, will remain less than 50% of the total project cost in accordance with the requirements of the Stormwater Management Law.

**Comments:**

The project location (Hillside Avenue Bridge in the Village of Mamaroneck) was added to the BPL26 capital project as part of the original bond act (247-2019), which required a CBA. This request is to amend that bond act to add funds to it, not to add funds to the BPL26 capital project. Therefore, this request is not a CBA. The Village classified the project as an Unlisted action and conducted coordinated review in 2019, including the County. The project scope has not changed, and no further environmental review is required.
