TRANSMITTAL MEMO

To: The Honorable Members of the Board of Legislators

From: Hon. Kenneth W. Jenkins, Westchester County Executive

Date: May 18, 2026

Re: An Act, which adopted, would authorize the County of Westchester, acting by and through its Department of Emergency Services, to enter into a Regional Partnership Agreement with Dutchess County and Putnam County in order to receive funding from the New York State Division of Homeland Security and Emergency Services under the FY2023 Hazardous Materials Grant Program.

Transmitted herewith for your review and approval is an Act which, if adopted, would authorize the County of Westchester (the “County”), acting by and through its Department of Emergency Services (“Department”), to enter into a Regional Partnership Agreement (“RPA”) with Dutchess County and Putnam County (collectively “Regional Partners”) in order to receive funding from the New York State Division of Homeland Security and Emergency Services (“DHSES”) under the FY2023 Hazardous Materials (“HazMat”) Grant Program. As your Honorable Board is aware, Section 119-o of the New York State General Municipal Law requires your Honorable Board’s approval whenever the County enters into intermunicipal agreements (“IMAs”) with other municipalities which involve shared services or performing services one for the other.

DHSES is awarding One Hundred Twenty-Two Thousand, Five Hundred (\$122,500.00) Dollars to the County and its Regional Partners. A Resolution authorizing the County to enter into this grant agreement has been submitted to the Board of Acquisition and Contract. The HazMat grant funds will be used for HazMat training and exercise, and to purchase equipment and supplies for the County’s HazMat team. In addition, the RPA will promote the development of regional partnerships among the State HazMat community and enhance the standing of the State’s HazMat teams within the Federal Emergency Management Agency typing system.

Funding for this initiative is provided by the federal Department of Homeland Security’s State Homeland Security Program. The term of the RPA will commence upon execution and remain in effect for a period of five (5) years.

Pursuant to the HazMat Grant Program, DHSES will provide funding to the 18 designated Regional HazMat Teams that provide coverage across the State outside of New York City via a non-competitive process. The State has designated the counties of Westchester, Putnam and Dutchess as a Regional Team for the Lower Hudson Valley Region. The County will receive the funds and administer the grant.

It should be noted that this grant opportunity builds on progress made by New York State through the FY2008-FY2022 iterations of the HazMat Grant Program.

For FY2023, the State will provide funds to all 18 regional HazMat Teams that provide coverage across the State outside of New York City via a non-competitive process. The FY2023 HazMat Grant will serve as a resource for regional HazMat Teams to maintain the existing equipment on their WMD Trailer and/or to build new capabilities.

Approval of this legislation will enable the County to strengthen its CBRNE detection, response and decontamination capabilities. Accordingly, I urge passage of the annexed legislation.

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a communication from the County Executive recommending the approval of an Act which would authorize the County of Westchester (the “County”), acting by and through its Department of Emergency Services (“Department”), to enter into a Regional Partnership Agreement (“RPA”) with Dutchess County and Putnam County (collectively “Regional Partners”) in order to receive funding from the New York State Division of Homeland Security and Emergency Services (“DHSES”) under the FY2023 Hazardous Materials (“HazMat”) Grant Program. As this Honorable Board is aware, Section 119-o of the New York State General Municipal Law requires this Honorable Board’s approval whenever the County enters into intermunicipal agreements (“IMAs”) with other municipalities which involve shared services or performing services one for the other.

Your Committee is advised that DHSES is awarding One Hundred Twenty-Two Thousand, Five Hundred (\$122,500.00) Dollars to the County and its Regional Partners will be used for HazMat training, and to purchase equipment and supplies for the HazMat team. This program will build sustainable Chemical, Biological, Radiological, Nuclear, and Explosives (“CBRNE”) detection, response and decontamination capabilities in the region. In addition, the RPA will promote the development of regional partnerships among the State HazMat community and enhance the standing of the State’s HazMat teams within the Federal Emergency Management Agency typing system.

Your Committee is advised that funding for this initiative is provided by the federal Department of Homeland Security’s State Homeland Security Program. The RPA will commence upon execution and remain in effect for a period of five (5) years.

The Department has informed your Committee that pursuant to the HazMat Grant Program, DHSES will provide funding to the 18 designated Regional HazMat Teams that provide coverage across the State outside of New York City via a non-competitive process. The State has designated the counties of Westchester, Putnam and Dutchess as a Regional Team for the Lower Hudson Valley Region. The County will receive the funds and administer the grant.

Your Committee is advised that this grant opportunity builds on progress made by New York State through the FY2008-FY2022 iterations of the HazMat Grant Program.

For FY2023, the State will provide funds to all 18 regional HazMat Teams that provide coverage across the State outside of New York City via a non-competitive process. The FY2023 HazMat Grant will serve as a resource for regional HazMat Teams to maintain the existing equipment on their WMD Trailer and/or to build new capabilities.

The Department of Planning has advised your Committee that based on its review, the authorization of the proposed RPA may be classified as a “Type II” action pursuant the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (“SEQR”). Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

Your Committee has been advised that a majority of the voting strength of the Board of Legislators is required to adopt the annexed Act. After review and careful consideration, your Committee recommends favorable action upon the proposed legislation.

With respect to the State Environmental Quality Review Act and its implementing regulations 6 NYCRR Part 617, the Planning Department recommends that no environmental review is required because the project/action may be classified as a TYPE II action pursuant to section(s):

Re: An Act authorizing the County of Westchester to enter into a Regional Partnership Agreement with Dutchess County and Putnam County in order to receive funding from the New York State Division of Homeland Security and Emergency Services under the FY2024 Hazardous Materials Grant Program.

Transmitted herewith for your review and approval is an Act which, if adopted, would authorize the County of Westchester (the “County”), acting by and through its Department of Emergency Services (“Department”), to enter into a Regional Partnership Agreement (“RPA”) with Dutchess County and Putnam County (collectively “Regional Partners”) in order to receive funding from the New York State Division of Homeland Security and Emergency Services (“DHSES”) under the FY2024 Hazardous Materials (“HazMat”) Grant Program. As your Honorable Board is aware, Section 119-o of the New York State General Municipal Law requires your Honorable Board’s approval whenever the County enters into intermunicipal agreements (“IMAs”) with other municipalities which involve shared services or performing services one for the other.

DHSES is awarding Forty-Four Thousand, Nine Hundred Eighty-One (\$44,981.00) Dollars to the County and its Regional Partners. A Resolution authorizing the County to enter into this grant agreement has been submitted to the Board of Acquisition and Contract. The HazMat grant funds will be used for HazMat training and exercises, and to purchase equipment and supplies for the County’s HazMat team. In addition, the RPA will promote the development of regional partnerships among the State HazMat community and enhance the standing of the State’s HazMat teams within the Federal Emergency Management Agency typing system.

Funding for this initiative is provided by the federal Department of Homeland Security’s State Homeland Security Program. The term of the RPA will commence upon execution and remain in effect for a period of five (5) years.

Pursuant to the HazMat Grant Program, DHSES will provide funding to the 18 designated Regional HazMat Teams that provide coverage across the State outside of New York City via a non-competitive process.
