Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your consideration is an act (the "Act") that, if approved, would authorize the County of Westchester (the "County") to purchase real property located at 311 Welcher Avenue in Peekskill, New York. The property, identified by tax map designation as Section 42.08, Block 16, Lot 6, consists of an undeveloped parcel with approximately 0.27 acres. The property, which is adjacent to the County's Blue Mountain Reservation, will be purchased as parkland and utilized to expand the County's park. I am also transmitting a proposed bond act (the "Bond Act") to authorize the issuance of up to \$100,000 in County bonds to finance the \$85,000.00 purchase price of the property, closing costs and property taxes until the property is removed from the tax rolls.

In compliance with Section 191.41 of the Laws of Westchester County ("LWC"), the required report of the Planning Commissioner in support of this land acquisition is attached herewith. In addition, pursuant to LWC Section 167.131, on September 4, 2024, the Westchester County Planning Board amended its report on the 2024 Capital Requests to designate this property for parkland acquisition and use \$100,000 from funds appropriated from capital project BLA1A Parkland and Historical Preservation Program for the land purchase. Accordingly, the necessary Planning Board Resolution is herewith attached.

Based on the importance of this project to the County, favorable action on the proposed Act and Bond Act is respectfully requested.

Sincerely,

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a communication from the County Executive wherein he requests that your Honorable Board adopt the attached act (the “Act”) that would authorize the County of Westchester to purchase real property located at 311 Welcher Avenue in Peekskill, New York. The property, identified by tax map designation as Section 42.08, Block 16, Lot 6, consists of an undeveloped parcel with approximately 0.27 acres. The property, which is adjacent to the County’s Blue Mountain Reservation, will be purchased as parkland and utilized to expand the County park. The County Executive also requests the adoption of a bond act (the “Bond Act”), prepared by the law firm of Hawkins Delafield and Wood, LLP, that would authorize the issuance of up to \$100,000 in County bonds to finance the \$85,000.00 purchase price of the property, closing costs and property taxes until the property is removed from the tax rolls.

As your Honorable Board is aware, no action may be taken with regard to the proposed legislation until the requirements of the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (“SEQRA”) have been met. The Planning Department has advised that based on its review, the proposed property acquisition is classified as an “Unlisted” action under SEQRA. A Resolution, along with a short Environmental Assessment Form prepared by the Planning Department, is attached to assist your Honorable Board in complying with SEQRA. Should your Honorable Board conclude that the proposed action will not have any significant impact on the environment; it must approve the Resolution adopting a Negative Declaration prior to enacting the proposed Act and Bond Act.

In compliance with Section 191.41 of the Laws of Westchester County (“LWC”), the required report of the Planning Commissioner in support of this land acquisition is attached herewith. In addition, pursuant to LWC Section 167.131, on September 4, 2024, the Westchester County Planning Board amended its report on the 2024 Capital Requests to designate this property for parkland acquisition and use \$100,000 from funds appropriated from capital project BLA1A Parkland and Historical Preservation Program for the land purchase. Accordingly, the necessary Planning Board Resolution is herewith attached.

Your Committee is advised that an affirmative vote of two-thirds of the members of this Honorable Board is required in order to adopt the Act to authorize the purchase of the property, as well as to adopt the related Bond Act.

Your Committee has carefully considered the proposed Act and the related Bond Act, and recommends approval of both Acts.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

311 Welcher Avenue (SBL 42.8-16-6) is an approximately 0.28-acre undeveloped property in the City of Peekskill. The property is adjacent to Blue Mountain Reservation, a County-owned park, and consists of a lawn area and sidewalk. Following acquisition, the property will be made part of the Blue Mountain Reservation, protecting it from future private development and adding to the size of the park.

The subject property is located proximate to the County and State Parklands Critical Environmental Area, which was designated to protect parkland from negative impacts from nearby development. As the action involves only the acquisition of land for inclusion in an existing park, it will protect the park from future incompatible development and assist in the protection the Critical Environmental Area.

The subject property is located within 2,000 feet of two listed remediation sites: Blue Mountain Plaza Shopping Center (V00160) and Lower South Street Redevelopment Area (C360145). The property is also adjacent to a New York State National Armory parking/storage area. A Phase 1 Environmental Site Analysis was issued on November 30, 2022, which found no recognized environmental conditions on or near the subject property that have potential to affect the subject property. As such, the action will not create a hazard to environmental resources or human health.

The subject property is proximate to wetlands listed in the National Wetlands Inventory. As the action will not involve any changes to drainage patterns or the physical characteristics of the property, it will not result in any impact to nearby wetlands.

As the action involves only acquisition of property for inclusion in a County park and will not impact any of the listed areas of concern, the project has been determined to have no significant adverse impact on the environment.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

The Legacy Program is designed to aggressively pursue land acquisition for three major objectives. One major objective is to purchase parkland for active recreation such as baseball and soccer fields, trail ways and bike paths. A key component of the ball field initiative is to partner with municipalities on the acquisition and/or development of ball fields to maximize available funding. The development of RiverWalk, the proposed promenade along the Hudson River, is a key component of the Legacy Program. A second major objective is to protect our County's natural habitats and protect rivers, streams and lakes. The third objective is to preserve land for historic preservation and protection of our cultural heritage. This project continues Capital Project BLA01 Parkland Acquisition/ Westchester Legacy Program. This is a general fund, specific projects are subject to a Capital Budget Amendment.
