Westchester County Board of Legislators 800 Michaelian Office Building White Plains, New York 10601

Dear Honorable Members of the Board of Legislators:

Transmitted herewith for your review and approval is an amended bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue additional bonds in the amount of \$2,425,000 to finance the following capital project:

RB03W - Quaker Bridge Road Over Croton River, Cortlandt (BIN3348560) ("RB03W").

The proposed Bond Act in the total amount of \$2,725,000 dollars, which includes \$300,000 in previously authorized bonds of the County, is necessary to finance the cost of design necessary for planning the replacement of the Quaker Bridge Road bridge in the Town of Cortlandt, with a proposed new, two-lane bridge, without the current clearance restrictions, and related work.

The Department of Public Works and Transportation ("Department") has advised that the current bridge, which was built in 1894 and has an annual daily traffic count ("AADT") of 925, is in need of replacement to maintain a safe roadway for the traveling public. In 2023 the New York State Department of Transportation gave the bridge a condition rating of 3.79. This rating system, using a scale of 1 ("hazardous") through 7 ("new"), is a weighted average of the condition of an evaluated bridge. The bridge has continued to deteriorate and was closed in November 2024 due to its current condition.

Following bond authorization, design is anticipated to take eight months to complete and will be performed by a consultant. It is anticipated that construction will take approximately ten months to complete and will begin after award and execution of the construction contracts, subject to your Honorable Board's further approval of construction funding.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for RB03W as follows: Bond Act No. 41-2015 in the amount of \$300,000, which authorized bonds to finance the cost of a study to determine viable options and associated costs for the replacement of the Quaker Bridge. No bonds have been issued under Bond Act No. 41-2015. Accordingly, it is now requested that Bond Act No. 41-2015 be amended to increase the amount authorized by \$2,425,000 for a total authorized amount, as amended, of \$2,725,000.

Based on the importance of this project to the County, favorable action on the annexed Act is respectfully requested.

Sincerely,

Kenneth W Jenkins Westchester County Executive

HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of amended bond act ("Bond Act") in the total amount of \$2,725,000, which includes \$300,000 in previously authorized bonds of the County, to finance capital project RB03W – Quaker Bridge Road Over Croton River, Cortlandt (BIN3348560) ("RB03W"). The Bond Act, which was prepared by the law firm Hawkins, Delafield & Wood, is required to finance the cost of design necessary for planning the replacement of the Quaker Bridge Road bridge in the Town of Cortlandt, with a proposed new, two-lane bridge, without the current clearance restrictions, and related work.

The Department of Public Works and Transportation ("Department") has advised that the current bridge, which was built in 1894 and has an annual daily traffic count ("AADT") of 925, is in need of replacement to maintain a safe roadway for the traveling public. In 2023 the New York State Department of Transportation gave the bridge a condition rating of 3.79. This rating system, using a scale of 1 ("hazardous") through 7 ("new"), is a weighted average of the condition of an evaluated bridge. The bridge has continued to deteriorate and was closed in November 2024 due to its current condition.

Following bond authorization, design is anticipated to take eight months to complete and will be performed by a consultant. It is anticipated that construction will take approximately ten months to complete and will begin after award and execution of the construction contracts, subject to your Honorable Board's further approval of construction funding.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for RB03W as follows: Bond Act No. 41-2015 in the amount of \$300,000, which authorized bonds to finance the cost of a study to determine viable options and associated costs for the replacement of the Quaker Bridge. No bonds have been issued under Bond Act No. 41-2015. Accordingly, it is now requested that Bond Act No. 41-2015 be amended to increase the amount authorized by \$2,425,000 for a total authorized amount, as amended, of \$2,725,000.

The Department of Planning has advised your Committee that based on its review, RB03W may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 ("SEQR"). Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

Your Committee has carefully considered Bond Act and recommends approval of the proposed Bond Act.
