

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (the “County”) of a bond act (the “Bond Act”) in the amount of \$250,000.00 to finance a component of capital project BPL40 - Stormwater Management - Various County Facilities II (“BPL40”). The Bond Act, which was prepared by the law firm of Hawkins Delafield & Wood, LLP, will fund a stormwater management project along the Bronx River Parkway in the Village of Scarsdale.

The Department of Planning (the “Department”) has advised that this capital program is a continuation of capital project BPL23 Stormwater Management – Various County Facilities, which funds stormwater management projects for both water quality (in compliance with federal MS4 stormwater regulations administered by the NYSDEC) and quantity (to reduce flooding). The current request will fund the design of a project to mitigate flooding along the Bronx River Parkway in the Village of Scarsdale. The project will reconnect the river to the grassed floodplain on the west side of the southbound lane of the parkway just north of Strathmore Road. The project is identified in the Bronx River Corridor Study and Plan prepared in 2020 for the County Soil and Water Conservation District.

The Department anticipates that following bonding authorization, this project will take approximately twelve (12) months to complete.

Your Committee notes that this Honorable Board has previously authorized the County to issue bonds for prior separate components of this capital project as set forth on the attached fact sheet.

The Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

Your Committee is further advised that since BPL40 is a "general fund" project, specific components are subject to a Capital Budget Amendment. Section 1 of the Bond Act authorizes an amendment to the County's Capital Budget to the extent the project scope is inconsistent with any details set forth in the current Capital Budget. Accordingly, the Bond Act, in addition to authorizing the issuance of bonds for this project, will also amend the County's 2021 Capital Budget to reflect this project component.

In addition, Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the "Planning Board") with respect to the physical planning aspects of the project. Accordingly, the Planning Board Report for BPL40 is annexed.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
