RE: Amended Bond Act for capital project B0126 Generator Systems Replacement, Grasslands Campus (Unique ID 3254)

Transmitted herewith for your review and approval is an amended bond act ("Amended Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue additional bonds in the amount of \$3,520,000.00 to finance the following capital project:

B0126 –Generator Systems Replacement, Grasslands Campus (3254) ("B0126").

The Amended Bond Act, in the total amount of \$3,900,000.00, which includes \$380,000.00 in previously authorized bonds of the County would finance the construction and construction management required to replace existing emergency generators, fuel tanks, and associated equipment at three facilities on the County's Grasslands Campus: the DOC F Unit (300kW generator), the DOC H Block (500kW generator), and the Jail Annex (250 kW generator).

The Department of Public Works & Transportation ("Department") has advised that the existing emergency generators and fuel tanks have reached the end of their useful service life and must be replaced.

Design is currently underway by in-house staff and is expected to be completed by the fourth quarter of 2026. Construction is estimated to take approximately thirty-six (36) months and will commence following the award and execution of the construction contract.

It should be noted that your Honorable Board has authorized the County to issue bonds for B0126 as follows: Bond Act No. 8-2024 to finance the cost of design associated with the replacement of emergency generators, underground fuel tanks, and the associated equipment at the Grasslands Campus. These bonds have not been sold. Accordingly, it is now requested that Bond Act No. 8-2024 be amended to increase the amount authorized by \$3,520,000.00, for a total authorized amount, as amended, of \$3,900,000.00, and to revise the scope of Bond Act No. 8-2024 to include work associated with the construction and construction management costs associated with B0126.

Based on the importance of this project to the County, favorable action on the proposed Amended Bond Act is respectfully requested.

The Department of Public Works & Transportation ("Department") has further advised your Committee that the existing emergency generators and fuel tanks have reached the end of their useful service life and must be replaced.

It should be noted that your Honorable Board has authorized the County to issue bonds for B0126 as follows: Bond Act No. 8-2024 to finance the cost of design associated with the replacement of emergency generators, underground fuel tanks, and the associated equipment at the Grasslands Campus. These bonds have not been sold. Accordingly, it is now requested that Bond Act No. 8-2024 be amended to increase the amount authorized by \$3,520,000.00, for a total authorized amount, as amended, of \$3,900,000.00, and to revise the scope of Bond Act No. 8-2024 to include work associated with the construction and construction management costs associated with B0126.

The Department of Planning has advised your Committee that based on its review, the authorization of this capital project, B0116, may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (“SEQR”). Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

Your Committee has carefully considered the Amended Bond Act, and recommends approval of the Amended Bond Act. It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Amended Bond Act.
