HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of a bond act ("Bond Act") in the amount of \$3,800,000 to finance capital project RD021 – Haulage Vehicle and Solid Waste Equipment Phase VI ("RD021"). The Bond Act, which was prepared by the law firm Norton Rose Fulbright, will finance The Department of Environmental Facilities ("Department") has advised that it is necessary to replace vital Material Recovery Facility ("MRF") and transfer station equipment which has reached the end of its useful life, including, but not limited to, solid waste compactors, solid waste haulage vehicles, recyclables processing equipment, and solid waste containers in order to continue to process residential curbside recyclables and solid waste collected by Refuse District municipalities and deliver solid waste to a final disposal site.

Following bonding authorization, the Department will purchase and install equipment to replace equipment that has reached the end of its useful life in order to implement the recommendations of the District Plan Modification. The Department intends to begin replacing equipment immediately upon bonding authorization and the Department will make additional purchases in accordance with the recommendations of a facilities study which is currently underway. It is estimated that equipment replacement will continue throughout 2022.

The Department has advised that the County Solid Waste Agency ("Agency"), on behalf of Refuse Disposal District No. 1 ("District"), is separately seeking the approval of your Honorable Board for a modification of the County's Solid Waste Management Plan ("District Plan Modification Act") pursuant to Article 5A of the New York State County Law which authorizes the Agency to reallocate funds within the District's plan of improvements. It is noted that the proposed modification does not exceed the maximum expenditure of District funds previously approved by the Board of Legislators and the New York State Comptroller.

On October 4, 2021 your Honorable Board referred the proposed District Plan Modification Act to the Committees on Budget and Appropriations, Public Works and Transportation, and Environment and Health. It should be noted that this Bond Act may not be approved until the District Plan Modification Act is adopted.

It should be noted that the County Budget Department is submitting this Bond Act to your Honorable Board simultaneously with the proposed 2022 Capital Budget. It is the County's goal to submit this Bond Act now so that the referenced projects will be ready to proceed without delay in early 2022.

The Planning Department has advised your Committee that based on its review, RD021 has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
