

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a communication from the County Executive recommending approval of an act (“Act”) which, if adopted, would authorize the County of Westchester (“County”), to apply for and enter into a grant agreement for funding from the Federal Aviation Administration (“FAA”) for capital project A0102 – Snow Equipment Storage Building (“A0102”). Also transmitted is an act which, if adopted, would authorize the County to amend its current-year capital budget for A0102 (the “Capital Budget Amendment”).

The Act would authorize the County to apply for and enter into a grant agreement with the FAA for the design of an ancillary snow equipment storage facility at the north end of the Westchester County Airport (the “Airport”). The FAA has indicated it will fund up to 75% of the estimated design cost of \$540,000 for A0102, resulting in a FAA grant in the amount of approximately \$405,000. Additionally, the New York State Department of Transportation (“NYSDOT”) has indicated that it will fund up to 4% of the estimated design cost of A0102, resulting in a NYSDOT grant amount of approximately \$22,000.

The proposed Capital Budget Amendment will amend the County’s current-year capital budget to increase the cash appropriation for A0102 by \$90,000, to be funded by a transfer from the Airport Operating Fund. This will increase the total cash appropriation for this project from \$23,000 to \$113,000.

The Department of Public Works & Transportation has advised that that the existing snow equipment storage facility is inadequate to store all of the snow removal equipment required by the Airport and an ancillary facility is required.

Design is expected to take approximately six (6) months and will be completed by consultants. It is estimated that construction will take sixteen (16) months to complete and will begin after award and execution of construction contracts, subject to approval of construction financing by your Honorable Board.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State

Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR document and concurs with this conclusion.

In addition, Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the "Planning Board") with respect to the physical planning aspects of the project. The Planning Department has advised that the Planning Board has previously reviewed this Project and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered this matter and has concluded that it is in the best interest of the County to adopt the Act to authorize the County to apply for and enter into a grant agreement with the FAA as well as adopt the act to amend the County's current-year capital budget. Your Committee is advised that an affirmative vote of a majority of your Honorable Board is required to adopt the Act, while an affirmative vote of two-thirds of the members of this Honorable Board is required in order to amend the County's Capital Budget.

RE: **Capital Budget Amendment –  
A0102 Snow Equipment Storage Building**

The County Executive is requesting an amendment to the 2022 Capital Budget to modify the funding of the above project. Capital project A0102 Snow Equipment Storage Building provides an ancillary snow equipment storage facility at the north end of the Airport.

A Capital Budget Amendment is requested to authorize the County to apply for and enter into a grant agreement with the Federal Aviation Administration to fund up to 75% of the estimated design cost of \$540,000. Additionally, the New York State Department of Transportation has indicated that it will fund up to 4% of the estimated design cost. The proposed Capital Budget Amendment will amend the County's current-year capital budget to increase the cash appropriation for A0102 by \$90,000, to be funded by a transfer from the Airport Operating Fund.

The Planning Board adopted a report on this project (rated PL2) at its meeting on July 7, 2020.

There are no changes to the physical planning aspects of this project as reviewed by the Board; therefore, no further action by your Board is necessary.
