ACT 143 - 2022
(BOND) ACT 144 - 2022 Reference T0050

HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmission from the County Executive recommending approval by the County of Westchester ("County") of an act amending the County's current-year Capital Budget ("Capital Budget Amendment"), as well as adoption of a related amended bond act ("Amended Bond Act") which, if adopted, will authorize the County to issue up to $3,250,000 in additional bonds to finance capital project T0050 – Replacement of Heating Units and Ventilation Fans at CMF ("T0050").

Your Committee is advised that the Capital Budget Amendment will amend the County's current-year capital budget to increase the County share for this project by $3,250,000. The total cost of the project is higher than originally expected due to unanticipated construction costs identified during the initial construction phase.

The Amended Bond Act, in the total amount of $13,950,000, which includes $10,700,000 in previously-authorized bonds of the County, would provide additional construction funding to pay for repairs to gas piping throughout the Central Maintenance Facility, lead abatement, and additional structural supports at various locations in the building.

The Department of Public Works and Transportation ("Department") has advised that the work will result in a more energy-efficient facility, thus providing significant utility cost savings to the County.

The Department has further advised that design is complete and construction is under way. It is estimated that the additional construction will take twenty-four (24) months to complete.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for T0050 as follows: Bond Act No. 327-2016 in the amount of $400,000, which was amended by Bond Act No. 236-2019 in the total amount of $5,715,000, to finance design, construction and construction management of heating and ventilation improvements at the

Central Maintenance Facility; and Bond Act No. 80-2020, which amended Bond Act No. 236-2019 by increasing the total amount authorized by $4,985,000 for a total authorized amount, as amended, of $10,700.000. These bonds have been partially sold. It is now requested that Bond Act No. 80-2020 be amended to increase the total amount authorized by an additional $3,250,000, for a total authorized amount, as amended, of $13,950.000.

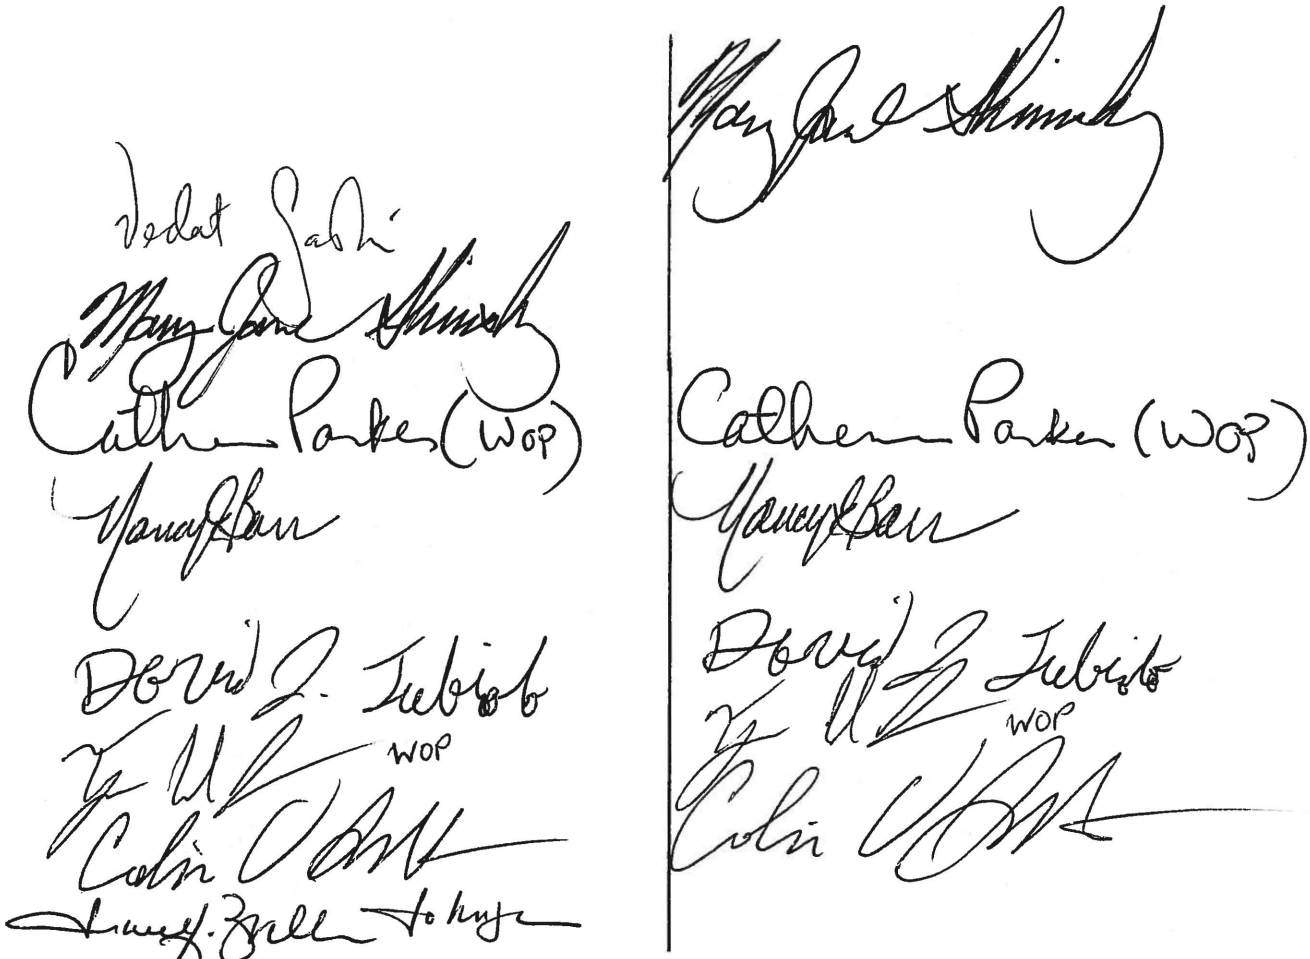

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

The Planning Department has further advised your Committee that the Planning Board has previously reviewed this project and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Amended Bond Act, and recommends approval of both of the proposed Acts, noting that the Amended Bond Act can only be enacted following adoption of the Capital Budget Amendment. It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Amended Bond Act.
