HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval of a bond act ("Bond Act") in the amount of \$775,000, to authorize the County of Westchester ("County") to finance capital project RB234 — Heathcote Bypass, CR 143, Scarsdale ("RB234") for 2023.

Your Committee is advised that the Bond Act, prepared by the law firm Hawkins, Delafield & Wood, would finance the cost of design, construction management and construction associated with rehabilitation of approximately 0.61 miles of roadway from the pedestrian overpass to Secor Road. The work will include milling; resurfacing; guide rail replacement; drainage work; new traffic signal loops; new pavement markings and related work.

The Department of Public Works and Transportation ("Department") has advised that this road, which has an average annual daily traffic count ("AADT") of 4,740 is in need of rehabilitation to provide a safe roadway for the traveling public. The associated pavement condition index ("PCI") in 2019 was 62 and the roadway has continued to deteriorate. The PCI rating is a pavement condition rating with a range of 0 to 100, with 0 signifying that the road requires reconstruction and 100 signifying that the road is new. Based on this rating this road requires corrective rehabilitation to extend the life of the roadway.

Your Committee is advised that that the County Budget Department is submitting this Bond Act to your Honorable Board simultaneously with the proposed 2023 Capital Budget. It is the County's goal to submit this Bond Act now so that the referenced project will be ready to proceed without delay in early 2023.

Your Committee is advised that following bonding authorization, design will be scheduled and is anticipated to take six (6) months to complete and will be performed by in-house staff.

Construction is estimated to take eight (8) months and will begin after award and execution of the construction contracts.

The Planning Department has advised your Committee that based on its review, the above referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of this Honorable Board is required in order to adopt the Bond Act. Your Committee has carefully considered the proposed Bond Act, and recommends approval of same.
