Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act (the "Bond Act") which, if adopted, would authorize the County of Westchester (the "County") to issue bonds in the total amount of \$1,025,000 to finance the following two (2) capital projects for 2023:

The Bond Act would authorize the County to issue bonds in the total amount of \$1,025,000 to finance the replacement of equipment associated with the maintenance of the County roadway system and County facilities under the jurisdiction of the Department of Public Works and Transportation ("DPW&T"). It will also fund the acquisition of heavy equipment and vehicles for the Department of Parks, Recreation and Conservation ("PRC").

Email: CE/@westchestergov.com Telephone: (914)995-2900 It should be noted that the County Budget Department is submitting this Bond Act to your Honorable Board simultaneously with the proposed 2023 Capital Budget. It is the County's goal to submit this Bond Act now so that the referenced projects will be ready to proceed without delay in early 2023. In addition, please note that the proposed Bond Act authorizes financing for like objects or purposes in connection with two (2) capital projects. It is hoped that by combining projects that have the same objects and purposes into a single bond act, the County can reduce the amount of bond legislation that your Honorable Board would be required to review, thereby expediting the approval process and avoiding backlogs.

The Planning Department has advised that based on its review, the referenced capital projects have been classified as a "Type II" actions pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

Based on the importance of these projects to the County, favorable action on the proposed Bond Act is respectfully requested.

Sincerely,

Thetren

It is the County's goal to submit this Bond Act now so that the referenced projects will be ready to proceed without delay in early 2023. In addition, please note that the proposed Bond Act authorizes financing for like objects or purposes in connection with two (2) capital projects. It is hoped that by combining projects that have the same objects and purposes into a single bond act, the County can reduce the amount of bond legislation that your Honorable Board would be required to review, thereby expediting the approval process and avoiding backlogs.
