HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of a bond act ("Bond Act") in the amount of \$17,100,000 to finance capital project SY026 – Yonkers Joint WRRF Structural Rehabilitation ("SY026"). The Bond Act, which was prepared by the law firm Norton Rose Fulbright, will finance the cost of design, construction management and construction costs for the rehabilitation of the Yonkers Joint Water Resource Recovery Facility, including, but not limited to the repair of concrete aeration tanks and replacement of gratings, hatches and covers, in and for the Yonkers Joint Sanitary Sewer District.

The Department of Environmental Facilities ("Department") has advised that the gratings, hatches, and covers have reached the end of their useful lives. Replacing them is required to maintain safety conditions at the facility.

Following bonding authorization, design will be scheduled and is anticipated to take nine months to complete. It is anticipated that the design work will be completed by consultants. It is estimated that construction will take nine months to complete and will begin after award and execution of the construction contracts.

The Planning Department has advised your Committee that based on its review, SY026 has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
