TO: BOARD OF LEGISLATORS
COUNTY OF WESTCHESTER

Your Committee recommends passage of “A LOCAL LAW amending Chapter 425 of the Laws of Westchester County.”

Your Committee recalls that in 2022, this Honorable Board enacted Chapter 425 of the Laws of Westchester County (“Chapter 425”), which is aimed at providing safe access to reproductive health care facilities by prohibiting threatening, harassing, violent, fraudulent, and obstructive conduct. Chapter 425 was passed to protect and promote the public health, safety, and welfare; to ensure order; to protect freedom of access to reproductive health care facilities; to protect the freedom to obtain reproductive health care services; to promote the free flow of traffic in the public way; to advance medical privacy and the well-being of patients seeking access to reproductive health care facilities and obtaining reproductive health care services; and to safeguard private property. In enacting Chapter 425, this Honorable Board found it vital to strike an appropriate balance between the rights of those seeking reproductive health care and those seeking to exercise their First Amendment rights outside of reproductive health care facilities.

Your Committee is aware that, shortly after Chapter 425’s enactment, a group of plaintiffs filed a federal lawsuit in the U.S. District Court for the Southern District of New York (“District Court”) challenging Chapter 425. Although no section of the law had been enforced against them, the plaintiffs claimed that numerous provisions of Chapter 425 violated their constitutional rights to free speech, free exercise of religion, and due process in the pre-enforcement context. The County vigorously defended the case. First, the County successfully opposed, through appeal, the plaintiffs’ motion to preliminarily enjoin Chapter 425 from being enforced. Second, at the conclusion of

discovery in the case, the County moved for summary judgment on all the plaintiffs' claims, arguing that each section of Chapter 425 was constitutional.

Your Committee has been informed that on March 14, 2025, the District Court issued an order granting the lion's share of the County's motion, and dismissing most of the plaintiffs' claims. The District Court held that the majority of Chapter 425's provisions are constitutional. The District Court did, however, take issue with the interplay between Chapter 425's definition of "interfere with" and the law's prohibition on interfering with reproductive health care facility operations. The District Court determined that these provisions, when read together, produced a restriction that was not narrowly tailored to the County's interests under the First Amendment, and that the section suffered from both overbreadth and vagueness problems under the First and Fourteenth Amendments, respectively.

Your Committee understands that, as these provisions were originally drafted, Chapter 425's definition of "interfere with" was identical to the definition of "interfere" as used in the Federal Access to Clinic Entrances Act, *see* 18 U.S.C. § 248(e)(2)—although the County's definition added "to stop . . . through deceptive means or otherwise." Laws of Westchester County § 425.21(b). This additional language was meant to specifically address one of the incidents that precipitated the County's enactment of Chapter 425: individuals who gained entry to the All Women's Health facility under deceptive means, then facilitated the infiltration by numerous other people into the clinic, ultimately suspending the facility's operations for a period of time. To be clear, "interference" has never been a violation on its own; rather, it is used as a term in four of the current provisions of Chapter 425. As used in section 425.31(h), "interference" is linked to the operation of a reproductive health care facility.

Your Committee has been made aware that, in evaluating Chapter 425, the District Court noted that section 425.31(h) was not “connected to physical acts or threats,” unlike the other sections of the law. Order at 22. Thus, section 425.31(h) currently restricts anyone from “using any non-deceptive ‘means’” to stop facility operations—which could “include[] large swaths of protected speech,” and an argument could conceivably be made that merely “by convincing another person through counseling to cancel their appointment at the facility,” the section could be violated. Order at 22. The District Court also found that section 425.31(h) “leaves law-enforcement officials unfettered discretion to determine liability,” and that the restriction fails to provide people of ordinary intelligence a reasonable opportunity to understand exactly what conduct it prohibits.

Your Committee recognizes that the District Court’s interpretation of the plain text of § 425.31(h) is at odds with the original intent of this Honorable Board. It was never the aim of Chapter 425 to restrict protected free expression in the way the District Court has interpreted the law. Section 425.31(h) and the definition of “interfere with,” working in tandem, were always meant to prohibit conduct such as a person’s trespass through deceptive means; they were also meant to restrict conduct that physically stopped the operation of a reproductive health care facility. Nevertheless, the Court’s construction of the terms does not effectuate the Board’s intended meaning, nor does it provide clear guidance for law-enforcement officials.

Your Committee therefore believes that Chapter 425 should be amended in order to clearly express the Board’s intent. This proposed Local Law, if adopted, would do three things to clarify and narrowly tailor the law to the County’s legitimate interests. First, this Local Law amends the definition of “interfere with” to more clearly read: “to stop, to obstruct, or to restrict a person’s freedom of movement.” Second, this Local Law clarifies the language of section 425.31(h) to make plain that to

“knowingly interfere with the operation of a reproductive health care facility” encompasses activities that *physically* interfere with such facility operations—specifically, physical interference with medical procedures or treatments; physical interference with the delivery of goods or services to the facility; and physical interference with persons inside the facility. Third, and finally, this Local Law adds a new section 425.31(i) to Chapter 425. This new prohibition specifically targets circumstances such as those at play during the All Women’s Health incident that led to the County’s enactment of Chapter 425 in 2022—i.e., when individuals made false appointments at the facility in order to assist numerous others in trespassing into the facility, ultimately suspending the facility’s operations for hours.

Your Committee believes that these revisions to Chapter 425, drafted now with the aid of the District Court’s opinion and order, will ensure that each provision of Chapter 425 can be enforced consistent with the Board’s original intent. Adopting this Local Law will allow the County to maintain the protections of Chapter 425 while safeguarding the ability of individuals to engage in protected speech outside of reproductive health care facilities, all while addressing the concerns of the District Court.

Finally, Your Committee is informed that the proposed project does not meet the definition of an action under New York State Environmental Quality Review Act (“SEQRA”) and its implementing regulations 6 NYCRR Part 617. Please refer to the memorandum from the Department of Planning, dated January 14, 2025, which is on file with the Clerk of the Board of Legislators. Your Committee concurs in this conclusion.

Your Committee recommends adoption of this Local Law.
