Westchester County Board of Legislators 800 Michaelian Office Building White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act (the "Bond Act,") which, if adopted, would authorize the County of Westchester ("County") to issue up to \$1,000,000 in bonds of the County to finance the following capital project:

BLR13 - Labs & Research Infrastructure Improvements 2022-2026 ("BLR13").

The Department of Labs & Research (the "Department") has advised that this project will fund a multi-year cycle of infrastructure improvements, interior and exterior, to the facilities. The current bonding request, in the amount of \$1,000,000, would fund the acquisition and replacement of new fume hoods in the labs. The Department has advised that fume hoods are ventilated enclosures that remove hazardous chemical fumes and volatile vapors from the laboratory. The existing fume hoods have exceeded their useful life and are in need of replacement. The Department expects this project to be completed by December, 2023.

The Planning Department has advised that based on its review, the above-referenced capital project has been classified as a "Type II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

Based on the importance of this capital project to the County, favorable action on the annexed proposed Bond Act is respectfully requested.

Sincerely.

George Latimer
County Executive
